Adopted - December 9, 2015

Den 402.02 Public Health Supervision Status.

(a) In order to obtain public health supervision status, a dental hygienist shall complete a dental hygienist application for public health supervision status, to include the following:

(1) Applicant's name and license number;

(2) Applicant's current business and residential addresses, telephone numbers and primary email address either business or personal;

(3) The name of the public health supervision program where the applicant is employed;

(4) That the applicant agrees to limit any duties to those outlined in Den 402;

(5) That the applicant agrees to follow appropriate infection control guidelines as recommended by the Center for Disease Control and Prevention; and

(6) That the applicant agrees to advise participants in the program that the services provided do not replace regular examination by a dentist;

(b) The hygienist or supervising dentist shall send a summary of program results to the board at the one-year anniversary of the program's inception and each and every year after or, if the program lasts less than a year, at the end of the program; and

(c) The form shall be signed and dated by the applicant and the supervising dentist of the program.
