- Next steps - who makes recommendation, to who
- ?s of who has shown interest in taking the FSH on, if no one - why spend time on this?
- those who are passionate - but motivated?
- story of FSH isn't of interest to anyone - but even though no one cares, there is an important story here.
  excitement came from idea that FSH is a vehicle to tell the story, but challenge was fact that we don't actually have the building - the vehicle.
  story includes why we can't let go of FSH remnants.
- Combo of virtual museum, civics center; can go anywhere "Push" model *
  biggest impact in small communities, without other heritage opportunities.
- make the relic meaningful - give away pieces
- how to deal with State stewardship issue? - focus attention on other resources in State stewardship thoroughly documented it, that covers the state's responsibility. Virtual/education would ~~[illegible]~~ bring history to the Public.
  Due diligence done! if Section 106 project - more than completed responsibility.
- ? regarding in-state/out-of-state RFP/consultant process.

- travelling exhibit w/ pieces
- support for <u>using</u> the pieces - give them out, use them in new objects - ie. furniture, bookmarks
  Book to tell story
- Value in process - now that we know this info - let's use it!
- Knowing that suggestions related to distributing / using pieces are shared and supported is valuable
  Definitely an option.
