

Bulletin: Loan Originator Pre-Licensure Courses Now Available

Courses are now available for the 20 hours of pre-license education required of all mortgage loan originators applying for a New Hampshire license, for all those who have applied but are not yet licensed, and for all New Hampshire mortgage loan originators currently licensed who must take the 20 hours of education prior to the 12/31/2009 renewal date. Click on the following link for the Master Catalog of courses currently provided:

http://www.stateregulatoryregistry.org/AM/Template.cfm?Section=Course_Providers&Template=/CM/ContentDisplay.cfm&ContentID=24698. You will then need to click on each Approved Course Provider's website link to get the details about their course offerings. New Hampshire does not have any state-specific education requirements, so any NMLS approved 20 hour pre-license course – either classroom or online - will fulfill this State's requirement.”
