

Joseph L. Kenick, Jr.

v.

Town of Exeter

Docket No. 5610-88

DECISION

A hearing in this appeal was held, as scheduled, on August 1, 1990. The Taxpayer represented himself. The Town was represented by John L. DiVittori, Assessor.

As indicated on the hearing notice, the Board initially received testimony and evidence on the issue of the Taxpayer's timely filing the appeal with the Town. Based on the testimony and evidence the Board ruled that the Taxpayer had timely filed with the Town and then proceeded to hear the merits of the case.

The Taxpayer appeals, pursuant to RSA 76:16-a, the assessment of \$186,600 (land, \$39,600; buildings, \$147,000) placed on his real estate located on Myrtle Street, for the 1988 tax year. The property consists of a .15-acre lot with a four-family dwelling and is identified as Map 08-16, Block 002, lot 004.

Neither party challenged the Department of Revenue Administration's equalization ratio of 100 percent for the 1988 tax year.

Mr. Kenick testified that he purchased the property on July 30, 1987, for \$160,000 after it had been on the market for seven months. He stated that the Town did an interior inspection of the building in 1989 and lowered the assessment in 1989 to \$162,600. He stated he considered the 1989 assessment

fair. He testified that the only change in the property from 1988 to 1989 was the installation of four separate gas-fired boilers.

Mr. DeVittori stated that he felt the 1989 valuation of \$162,600 was a fair assessment and would be correct for 1988 also.

The Board rules as follows.

The Taxpayer's appeal is based on The Constitution of New Hampshire,

Part 2, Article 5, which states in part:

And further, full power and authority are hereby given and granted to the said general court, from time to time . . . to impose and levy proportional and reasonable assessments, rates and taxes, upon all the inhabitants of, and residents within, the state; and upon all estates within the same

and RSA 75:1 (supp) which states:

Except with respect to open space land appraised pursuant to RSA 79-A:5, and residences appraised pursuant to RSA 75:11, the selectmen shall appraise all taxable property at its full and true value in money as they would appraise the same in payment of a just debt due from a solvent debtor, and shall receive and consider all evidence that may be submitted to them relative to the value of property, the value of which cannot be determined by personal examination.

"The relief to which [the taxpayer] is entitled is to have its property appraised for taxation at the same ratio to its true value as the assessed value of all other taxable estate bears to its true value. Boston & Maine R.R. v. State, 75 N.H. 513, 517; Rollins v. Dover, 93 N.H. 448, 450." Bemis v. Claremont, 98 N.H. 446, 452 (1954).

It is well established that the taxpayer has the burden of demonstrating that he is disproportionately assessed. Lexington Realty v. City of Concord, 115 N.H. 131 (1975), Vickerry Realty v. City of Nashua, 116 N.H. 536 (1976), Amsler v. Town of South Hampton, 117 N.H. 504 (1977), Public Service v. Town

of Ashland, 117 N.H. 635 (1977), Bedford Development v. Town of Bedford,

122 N.H. 187 (1982), Appeal of Town of Sunapee, 126 N.H. 214 (1985), Appeal of Net Realty Holding, 128 N.H. 795 (1986).

The Board finds its review investigator found the 1989 assessment correct for the 1988 tax year. Based on the testimony and copy of the assessment card, the Board finds that the Town did not make any value change or revision from 1988 to 1989 that was attributable to the new gas boilers. Therefore the Board rules the proper 1988 assessment is \$162,600.

The Board notes that this case should have been resolved by the local assessing officials and the Taxpayer and not allowed to "run the process", especially since the subsequent-year assessment was satisfactorily adjusted on materially the same facts.

If the taxes have been paid, the amount paid in excess of \$162,600 is to be refunded with interest at six percent per annum from date of payment to date of refund.

SO ORDERED.

Town of Exeter

Docket No. 5610-88

ORDER RE TIMELY FILING

The Taxpayer filed an appeal with the Board of Tax and Land Appeals (hereafter Board) on May 17, 1989, appealing his 1988 property taxes pursuant to RSA 76:16-a.

RSA 76:16 states:

Selectmen or assessors, for good cause shown, may abate any tax assessed by them or by their predecessors. Any person aggrieved by the assessment of a tax and who has complied with the requirements of RSA 74, may, within four months after notice of the tax, and not afterwards, apply in writing to the selectmen or assessors for an abatement of the tax. (emphasis added)

New Hampshire Code of Administrative Rules Part Tax (hereafter Tax)

201.01(c) states in part:

An appeal to the board may be made only if the taxpayer has first made an application for abatement in writing to the board of selectmen or other local assessing official(s) within 4 months of notice of the final tax bill. "Notice of the final tax bill" means the date the department of revenue administration determines to be the last date of mailing of tax bills by the taxing district. (emphasis added)

The Board rules the deadline for filing a written appeal with the Town expired on March 17, 1989.

The Board finds as follows. A hearing on the question of overassessment was held by the Town on October 14, 1988, and a written denial was made on

January 18, 1989. No written application for an abatement was filed by the Taxpayer with the Town.

The Board rules the Taxpayer failed to timely file with the Town.

The order is, therefore:

Appeal dismissed.
