

Department of Revenue Administration

v.

Town of Dummer

Docket No.: 18753-01RA

ORDER

This order responds to the department of revenue administration's ("DRA") February 14, 2002 letter in which Mark J. Bennett, Esq., counsel for the DRA, indicates the "Town" has signed a contract, acceptable to the DRA, for a full reassessment in 2003 and requests the board consider staying its proceedings relative to the DRA's petition.

The board, at this time, stays its proceedings and will diary the file for October 2003. At that time the board will review whether the Town's contractor has completed the reassessment and whether the selectmen have accepted the values and are proceeding in issuing the 2003 warrant based on those values.

SO ORDERED.
