**ROAD CLOSURE AT PEMBROKE-ALLENSTOWN BRIDGE PROJECT**  
**TURNPIKE STREET RAMP OFF US 3 TO CLOSE FOR 8 MONTHS**

The New Hampshire Department of Transportation announces the planned closure of Turnpike Street, which serves as the northbound exit under the double-decker bridge over the Suncook River on US Route 3 in Pembroke-Allenstown, on Tuesday, February 13 for the duration of the bridge replacement construction project.

This street closure is necessary to allow for bridge maintenance work to shore up the existing bridge. Motorists heading northbound and seeking to access downtown Pembroke should seek alternative routes.

Audley Construction Inc. of Bow, New Hampshire is the general contractor for the \$12 million project, which has an October 2007 completion date.
