**WARNER PUBLIC INFORMATIONAL MEETING**  
***EMBANKMENT STABILIZATION ON PUMPKIN HILL ROAD***

The New Hampshire Department of Transportation announces a combined Public Officials/Public Informational Meeting will be held Tuesday, March 20, 2007 to discuss proposed embankment stabilization work on Pumpkin Hill Road in Warner.

This project involves stabilizing 300 feet of roadway embankment adjacent to Willow Brook that was damaged as a result of heavy rains that occurred in May of 2006. As part of the project, the existing cable guardrail will be replaced with beam guardrail. In order to perform the improvements quickly and inexpensively, the proposal calls for closing Pumpkin Hill road for about two weeks, with traffic detoured onto Bartlett Loop Road.

The purpose of the meeting is to present citizens and public officials with information regarding the proposed project, and to solicit input in order to ensure that project decisions meet public transportation needs, community goals, and protect and enhance the environment.

The March 20 public meeting will take place at the Warner Town Hall, 5 Main Street in Warner, New Hampshire, beginning at 6:00 PM.
