LANE RESTRICTIONS AT NH 101 PROJECT IN BEDFORD
INTERSECTION IMPROVEMENTS AT HARDY AND JENKINS ROADS

The New Hampshire Department of Transportation announces two days of traffic restrictions will occur at the intersection of NH Route 101 and Hardy and Jenkins Roads in Bedford due to water main work under NH 101.

Traffic will be restricted to one lane in each direction on Wednesday, May 27 and Thursday, May 28. Left hand turns at the intersection will not be allowed from either direction on NH Route 101 during parts of each day. Motorists are urged to find alternate routes.

This project involves the addition of turning lanes, drainage improvements and the installation of traffic signals at the intersection of NH 101 and Hardy and Jenkins Roads.

Weaver Brothers Construction of Bow, New Hampshire is the contractor for the \$1.6 million project, which is scheduled to be completed in 2009.
