PLANNED CLOSURE OF I-89 IN CONCORD-BOW FOR A HOUSE MOVE
EARLY MORNING SHUTDOWN OF NORTHBOUND LANES ON JULY 29

The New Hampshire Department of Transportation announces the planned closure of Interstate 89 northbound in Concord and Bow for approximately 45 minutes in the early morning hours of Sunday, July 29, 2007 to allow for the moving of a house structure. The house is being moved to allow for the completion of the Langley Parkway, which will connect Pleasant and Clinton Streets in Concord.

Also affected by the move will be I-89 northbound ramps at Exit 1 and Exit 2, and sections of Clinton Street in Concord and South Street in Bow and Concord.

Working with State and local police, the City of Concord and several utilities, the NHDOT's planned house move is scheduled to begin at 3:00 AM on July 29. The house will be moved from its current location (257 Pleasant Street) along the Langley Parkway to Clinton Street. Proceeding west on Clinton Street, the tractor-trailer carrying the house will enter a closed I-89 at approximately 5:00 AM for a 15-minute trip between Exit 2 and Exit 1 in Bow. The move will then proceed onto South Street in Bow and Concord onto its final destination at 12 Gabby Lane in Concord. Clinton Street is expected to be closed to traffic between 3:00 AM and 8:30 AM. South Street is expected to be closed until approximately 11:00 AM.

State and local police will provide escort for the move, which is being conducted by Geddes Building Mover of Bow, New Hampshire. The distance covered by the move is approximately two miles. Variable message boards will alert motorists to the road closures. Inclement weather would postpone the move for one week.
