WORK TO RESUME ON US ROUTE 3/NH 11 PROJECT IN BELMONT
RECONSTRUCTION AND WIDENING OF ONE-MILE SECTION

The New Hampshire Department of Transportation announces construction work is scheduled to resume the week of April 14, 2008 on the reconstruction and widening of a one-mile section of US Route 3/NH 11 in Belmont.

This project, which includes road reconstruction, widening and extensive drainage and safety improvement work, begins west of the intersection of Old State Road and continues east to the Belmont/Laconia town line. It also includes the installation of new traffic signals at the southerly entrance to Belknap Mall (Old State Road).

Lane shifts, along with flaggers and uniformed officers, will be used to direct traffic safely through the project during work hours.

Weaver Brothers Construction Co. of Bow, New Hampshire is the contractor for the \$7.96 million project, which is scheduled to be completed in September 2008.
