BRIDGE DECK REPAIRS ON RIVER ROAD IN CONWAY
SINGLE LANE TRAFFIC CONTROLLED BY TEMPORARY SIGNALS

The New Hampshire Department of Transportation announces bridge deck repairs are expected to begin Monday, June 13, 2005 to the River Road Bridge over the Saco River in Conway. This is the third bridge along River Road to undergo bridge deck repairs in recent months.

Single lane traffic will be required in order to complete the bridge work. Warning signs, barrels, concrete barriers and temporary traffic signals will be used to guide traffic through the work zone. The bridge repairs are expected to be completed by August 31, 2005.
