**BLASTING WORK TO BEGIN AT NEW SALEM PARK AND RIDE**  
***SOME I-93 TRAFFIC DELAYS WITH "ROLLING ROAD BLOCKS"***

The New Hampshire Department of Transportation announces blasting work associated with the construction of a new Park & Ride off of Exit 2 of Interstate 93 in Salem will begin the week of May 21, 2007.

Some of the blasting work will require traffic on I-93 to be delayed by "rolling roadblocks". Speeds will be reduced by using State Police cruisers to slow down traffic on I-93 at either approach to the blasting zone. These periodic rolling roadblocks will take place during the non-commuter hours of 9:00 AM to 3:00 PM through June 2007. Minor traffic delays can be expected.

This work is part of the construction of a new 472 space Park & Ride and bus station facility just east of Exit 2 off I-93 in Salem. Continental Paving, Inc. of Londonderry, New Hampshire is the general contractor for the \$6.4 million project, which is scheduled for completion in October 2008.
