BRIDGE REPAIRS ON NH ROUTE 77 IN WEARE
WILL REQUIRE ONE LANE TRAFFIC FOR SIX WEEKS

The New Hampshire Department of Transportation (NHDOT) announces bridge repairs are scheduled to begin Monday, June 23, 2008 on the NH Route 77 bridge over the flood control canal in Weare.

These bridge repairs will require one lane of traffic for six weeks. Temporary daytime traffic signals will be used to assist motorists through the work zone.
