**NIGHT DRAINAGE WORK ON THE SPAULDING TURNPIKE IN ROCHESTER**  
***JULY 7-10 NORTHBOUND AND SOUTHBOUND BETWEEN EXITS 12 AND 13***

The New Hampshire Department of Transportation announces nighttime work is scheduled to take place on the Spaulding Turnpike between Exits 12 and 13 in Rochester for four nights, from Monday, July 7 through Thursday, July 10, 2008.

This night work will involve the installation of drainage cross pipe across the Spaulding Turnpike (NH Route 16) during times of lower traffic volumes.

Alternating one-way traffic will be maintained during portions of the pipe installation. Two-way traffic will be maintained when possible. Electronic message boards and signs will alert motorists to the night work zone. Uniformed officers will direct traffic as needed through the work areas.
