**COLUMBIA BRIDGE REPAIRS ON US ROUTE 3 OVER SIMMS STREAM**  
***SEVEN-WEEK PROJECT WILL REQUIRE SINGLE LANE TRAFFIC***

The New Hampshire Department of Transportation announces bridge repairs are scheduled to begin on Monday, July 14, 2008 in Columbia on the US Route 3 bridge over Simms Stream.

This bridge deck rehabilitation and bridge rail replacement project is expected to take seven weeks to complete and will require single lane alternating traffic. Stop and Yield signs, concrete barrier and barrels will be used to guide motorists through the work zone.
