BRIDGE REPAIRS BEGIN IN JEFFERSON
SINGLE LANE TRAFFIC ON NH 115 OVER ISRAEL RIVER

The New Hampshire Department of Transportation announces bridge repairs are scheduled to begin today (September 2) on the NH Route 115 bridge over Israel River in Jefferson.

This bridge joint replacement work will require single lane traffic (18 ft. wide) controlled by temporary signals for up to seven weeks. Daily work hours are from 7:00 AM to 3:30 PM. Concrete barrier is being used to guide motorists through the work zone.
