NIGHTTIME LINE PAINTING PLANNED ON INTERSTATE 93
FROM EXIT 6 IN MANCHESTER TO MASS. STATE LINE

The New Hampshire Department of Transportation announces line painting operations are planned for nighttime hours on Sunday, July 26 on Interstate 93 from Exit 6 in Manchester south to the Massachusetts state line.

Weather permitting, this pavement marking work will take place from 8:00 pm until 5:00 am and will require a moving lane closure.

Motorists traveling on I-93 between Manchester and Salem on the night of July 26 are urged to proceed with caution around the moving work zone, giving the five vehicles involved in the line striping operations a safe distance to do their work.
