Commissioner

THE STATE OF NEW HAMPSHIRE
DEPARTMENT OF TRANSPORTATION

William Cass, P.E.
Assistant Commissioner

New Hampshire Department of Transportation

Bureau of Highway Maintenance

Oversize/Overweight Permitting

2016 Temporary Programs

Saturday Moves

Under a program that will begin on April 1, 2016 and end on November 15, 2016, New Hampshire Department of Transportation (NHDOT) will issue oversize/overweight (OS/OW) permits to allow movement on Saturday mornings from ½ hour before sunrise until noon. Saturday moves on I-95 will be further limited from ½ hour before sunrise to 9:00 AM beginning June 25, 2016 and ending on September 3, 2016. OS/OW permits will be issued in accordance with current permit processing procedures. To order Saturday permits on the OverHaul permit system, applicants must type “SATURDAY TRAVEL REQUESTED” in the carrier comments field and “SATURDAY” in the serial number field in of the OverHaul application. Applications for Saturday moves must be submitted by at least the close of business on Thursday prior to the move.

NHDOT and New Hampshire Department of Safety (NHDOS) will continue to conduct a review of this program during and at the end of the program period to determine whether Saturday permitting should continue and/or if modifications to the pilot program are required.

Escort requirements will be in accordance with current permit processing procedures. All other conditions on the permit will remain in effect for the duration of the permitted move. Saturday moves will not be allowed during holiday weekends.

Existing limitations on manufactured housing moves greater than 14 feet in width will not be changed by this program. In addition, existing limitations on New England Transportation Consortium (NETC) permits will not be changed by this program.

NHDOT reserves the right to terminate the program at any time if conditions warrant. If you have any questions about this program for Saturday OS/OW permit travel, please contact the NHDOT OS/OW Permit Office at 603-271-2691.
