

Vision Statement

The social and economic vitality of the community will be enhanced by making Route 101/Main Street safer and more welcoming to pedestrians, cyclists and drivers.

Traffic will be reduced to a slow, steady, safe and efficient flow, by aesthetically pleasing visual and physical cues announcing a thickly settled historic village center. There will be safer access to and from Town facilities and emergency services.

Pedestrian amenities and other improvements will encourage pedestrian use of the center.

Environmental issues (air, water, noise and light) will be addressed by implementing pollution avoidance measures.

A better balance between local quality of life and regional mobility will be achieved.
