Qualified Products List – Qualification Criteria

Section 544 – Reinforcing Steel

A. REINFORCING STEEL – QUALIFIED MANUFACTURERS

Specification

Effective January 2010 only manufacturers listed on the Qualified Products List will be allowed to provide reinforcing steel.

Required Submissions

NTPEP

Manufacturers must participate in the National Transportation Product Evaluation Program (NTPEP) for reinforcing steel. For information regarding NTPEP participation, visit www.ntpep.org.

Qualification Criteria

Manufacturers must comply with the quality control and product testing requirements of the NTPEP “Project Work Plan for Evaluation of Reinforcing Steel Bar Producing Mills. The manufacturer must be listed on the NTPEP Audit Program website.

Approved by: *Alan D. Rawson*
Administrator

The Department continues to evaluate its qualification criteria as well as products that have been qualified against them, and reserves the right to revise the criteria and/or withdraw product qualification at any time for any reason without notice.
