

**Bedford  
13527  
Design Build**

**MAAR TRAFFIC**

Note that the Manchester Airport Access Road, MAAR, is planned to open November 2011. At that time it is anticipated that traffic will increase on the FE Everett Turnpike approximately 27% and decrease on US Route 3 approximately 38% within the project area. The projected build and no build traffic volumes from the MAAR traffic study for 2015 are:

<b>Peak Hour:</b> US Route 3	No build	2600
	Build	1600
FE Everett Tpk	No build	6600
	Build	8400
<b>ADT:</b> US Route 3	No build	29,000
	Build	18,000
FE Everett Tpk	No build	69,000
	Build	88,000
