

REPORT OF THE SPECIAL COMMITTEE

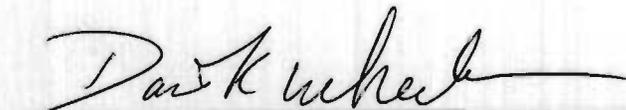

FOR

SWANZEY, X-A000(889), 15697

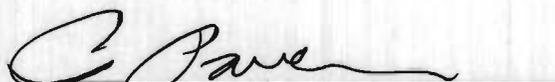

This project will reconstruct the intersection of NH Route 12, Lake Street and Swanzey Factory Road in the Town of Swanzey to reconfigure it as a modern roundabout. The proposed reconstruction of NH Route 12 will extend approximately 300' to the south and 300' to the north of Lake Street for a total project length along NH Route 12 of approximately 600'. The improvements to the side roads will extend west on Lake Street approximately 300' from NH Route 12 and east on Swanzey Factory Road approximately 300' from NH Route 12.

We, the Commission appointed by Governor and Executive Council on July 13, 2011, to hold a hearing to determine the occasion for the reconstruction of NH Route 12, Lake Street, and Swanzey Factory Road in Swanzey, held our hearing on October 11, 2011, and find in the affirmative, based on the determined final roundabout dimensions as discussed: inscribed radius 130'; circulating width 20' and cross slope 2%; truck apron width 16', cross slope 1%, curb reveal 2"; and central island 58'.

Given under our hands this 20th day of December 2011

Executive Councilor David Wheeler

Bill Hutwelker, Commission

Richard Powers, Commission
