Safer Buildings Coalition 07/07: FirstNet Bid Update – Marching Forward

<http://saferbuildings.org/firstnet-gears-accelerated-march-forward/>

The window for bidding in the First Responder Network Authority's request for proposals has closed, evaluations are underway and a contract is expected to be awarded by early November if all goes as hoped. The brain-storming phase of the planned nationwide network is morphing into the doing phase, and FirstNet officials are warning that the next 18 months will be a whirlwind of activity and decisions. As momentum surrounding the FirstNet bid gathers, there will be more integral involvement from players in the federal sector, new task teams launched and accelerated outreach to the states and major metropolitan areas to get the right message out to the front lines.

Homeland Preparedness News 07/06: FirstNet prepares for deployment of nationwide public safety broadband network
