Introduction

This annual report is intended to provide a brief summary of the Insurance Department's activities during Fiscal Year 2008. During the 2008 fiscal year the Insurance Department was staffed with 80 full time employees and collected total general fund revenues of $95.9 million.

Insurance Department Organization and Function

The New Hampshire Insurance Department was established in 1851, the first insurance regulator in the nation. Title XXXVII of the New Hampshire Revised Statutes Annotated codifies New Hampshire's Insurance Laws and create and define the insurance department and its functions and duties. The Insurance Commissioner is charged under Title XXXVII with the enforcement and execution of the insurance laws of New Hampshire, and charges the Insurance Commissioner with the collection of premium taxes and fees, and the regulation of the insurance marketplace to ensure fair treatment of policyholders and claimants. The Department is also charged with promoting competitive and safe insurance markets.

Mission Statement

"The mission of the insurance department is to promote the public good by ensuring the existence of a safe and competitive insurance marketplace through the development and enforcement of the insurance laws of the State of New Hampshire. We are committed to doing so in an honest, effective and timely manner. In pursuit of our mission we will treat all of our constituencies in an open, fair and respectful manner and will strive to uphold the highest professional, ethical and quality standards."

Life Accident & Health Division

The LAH Division has three primary functions - market conduct examinations, review of rate, rule and forms filings and consumer services.

LAH Market Conduct Examination Unit

The market conduct unit performs two important functions: market conduct examinations and market analysis. The unit spent a significant amount of time in fiscal year 2008 conducting investigations relative to form filings, rates and complex Life/Annuity complaints.

The LAH market conduct health examinations primarily focused on evaluations and enforcement of grievance and appeals with a major health carrier. One major health carrier's corrective action plan was monitored and total compliance was obtained. A comprehensive examination of New Hampshire's largest health carrier was completed and issuance of a final report is currently pending. This examination will also require a corrective action plan and will generate a fine for a violation for the carrier's inability to facilitate a portion of exam. The completion of a follow-up exam concerning provider "Prompt Pay" issues was completed, which will result in a maximum fine for noncompliance of $100,000. The market conduct unit has also completed an investigation of a major life company primarily selling individual health products. A hearing is pending. One life and annuity company examination has been completed with a corrective action plan and an anticipated significant fine. All examinations for fiscal year 2008 have resulted in violations that require corrective action plans. Follow up examinations will be scheduled to confirm compliance.

The Life, Accident and Health market conduct examination unit is presently participating in three national multi-state examinations; one recently resulted in a $15,000 fine and another in a fine in excess of $225,000.

The unit also supported the NAIC market analysis initiative by conducting in-depth review of 278 Life and Annuity Companies (MCAS) and 322 Health Companies writing 7 major lines of business in New Hampshire. This analysis is used to establish baseline data to develop and prioritize a list of companies targeted for further market conduct action.

LAH Forms and Filings Unit

The forms and filings unit examiners reviewed 3,082 filings during the past fiscal year. The unit reviews all individual, group and health maintenance organization filings for health, long-term care, life, annuity, accident, credit, disability and blanket insurance. All filings are now received electronically through the System for Electronic Rate and Forms Filing, (SERFF) and filing fees through Electronic Fund Transfers, (EFT).

The Life, Accident and Health Examiners also provided technical assistance to, or were active participants of, the Council for Children and Adolescents with Chronic Health Conditions, the Governor's Task Force of Persons with Disabilities, New Hampshire Inter-Agency Council, Health Benefits Advisory Committee State of NH Wellness, Agent Licensing Exam Review Committee, Board of Directors for SERFF, Association of Insurance Compliance Professionals (AICP), the NAIC Speed to Market Task Force, Operational Efficiencies Working Group, Product Requirements Locator Subgroup, and the New Hampshire Individual Health Plan Benefit Association.

LAH Consumer Services Unit

The LAH Division's Consumer Services Unit responded to 448 formal complaints in Fiscal Year 2008. These numbers reflect consumer complaints for which the unit took action to intervene on behalf of the consumer.

During Fiscal Year 2008 the LAH consumer services unit responded to 5,849 consumer inquiries. Also during FY 2008, the Division assisted consumers in obtaining $534,015 in relief.

The Department publishes and distributes consumer brochures designed to assist and educate New Hampshire insurance consumers about a wide range of insurance topics. The Department currently offers 91 brochures on health, automobile, homeowners, life and a variety of other insurance subjects. 72 of these brochures are related to LAH insurance. All brochures published or distributed by the Department are available free of charge upon request. In addition, brochures published by the Department are available on the Department's website: http://www.nh.gov/insurance. Links to other insurance-related websites, including a variety of federal programs such as Medicare and Medicaid, may also be found on our web site.

The Department maintains a toll-free telephone number (1-800-852-3416) for consumers seeking assistance or information. The toll free number is available to consumers in all states.

Property and Casualty Division

The Property and Casualty Division has four primary functions - market conduct examinations, review of rate, rule and forms filings, consumer services and market analysis. In addition the division is responsible for workers compensation analysis

P&C Market Conduct Examination Unit

The P&C market conduct unit's primary function is to conduct market conduct examinations of property and casualty insurers.

These examinations address perceived market problems or violations of New Hampshire's insurance laws that affect New Hampshire's insurance consumers - examiners review whether the carrier's procedures and processes treat claimants and policyholders fairly. Findings indicating violations of law or these standards may be referred to the Department's enforcement unit for administrative or disciplinary action. Examinations are conducted in accordance with uniform national standards and include inquiries, investigations and examinations of insurers, producers and other Department licensees. The unit also participates in certain joint and multi-state market conduct actions. Following is a list of multi-state regulatory actions the unit participated in during FY 2008:

P&C Forms and Filings Unit

Property & Casualty forms and filings unit responsibilities include the analysis of insurance policy form/rule/rate filings for personal and commercial lines of business. These lines include automobile, property, liability, general and professional liability and workers' compensation. Company filings are analyzed to determine compliance with New Hampshire's relevant insurance laws and Department administrative rules, and are also reviewed to ensure that they conform with public policy. The use of SERFF (System for Electronic Rate and Form Filing) became mandatory, effective January 1, 2008 for all P&C filings submitted by insurers and advisory organizations. P&C examiners are to perform the initial review and correspondence with filers within 30 days of submission, ensuring quick response time in reaching filing disposition, thus making new products and enhancements to existing products available to New Hampshire consumers in a timelier manner. The Property & Casualty examiners analyzed 5093 filings during Fiscal Year 2008.

This unit's examiners also provide technical and other assistance to the P&C consumer services unit.

The P&C forms and filings examiners also participate in various working groups, commissions and boards at the request of the Commissioner. These include the Commercial Automobile Insurance Plan, the New Hampshire Reinsurance Facility, New Hampshire

Workers' Compensation Advisory Council, Workers' Compensation Classification & Rating Appeals Board, and Safety Incentive Program.

P&C Consumer Services Unit

The P&C consumer services unit responded to 712 formal property and casualty complaints during Fiscal Year 2008. These numbers reflect consumer complaints for which the unit took action to intervene on behalf of the consumer. The most common property and casualty complaint in FY 2008 was claims handling - either denial of claims or delay in claims settlement. During Fiscal Year 2008 the unit responded to 4094 property and casualty insurance inquiries. During FY 2008, the P&C consumer services unit assisted consumers in obtaining $727,572 in relief.

The Department publishes and distributes consumer brochures designed to assist and educate New Hampshire insurance consumers about a wide range of insurance topics. The Department currently offers over 100 informational brochures on health, automobile, homeowners, life and a variety of other insurance subjects. 62 of these brochures are related to Property and Casualty insurance. All brochures published or distributed by the Department are available free of charge upon request. In addition, brochures published by the Department are available on the Department's website: http://www.nh.gov/insurance. Links to other insurance-related websites, including a variety of federal programs such as Medicare and Medicaid, may also be found on our web site.

The Department maintains a toll-free telephone number (1-800-852-3416) for consumers seeking assistance or information. The toll free number is available to consumers in all states.

P&C Market Analysis Unit

The P&C Market Analysis Unit is responsible for market analysis, maintenance of statistical databases and analytics, tracking competition among insurers in NH, actuarial functions, including

review of rate filings, forecasting, and studying financial performance of insurers.

In addition to being able to improve performance related to existing functions, this unit achieved two important milestones in FY 2008. In January 2008 a premium comparison tool, applicable to personal auto and homeowners insurance was posted on the Department's website. This tool allows consumers to obtain comparative pricing information for the 20 to 25 leading insurers in New Hampshire, thus enhancing the ability of consumers to make better buying decisions for these 2 types of coverage. In addition, the unit established a structure to ensure that every market segment is regularly studied to determine if the market is competitive (RSA 412:13). This is significant because New Hampshire's rating law relies on the existence of competitive markets as a key component of effective and efficient rate regulation. By statute, markets are presumed to be competitive, unless the Commissioner determines that a competitive market does not exist. To date the only market for which the Commissioner has made such a determination is Medical Malpractice insurance applicable to Physicians, Surgeons and Hospitals.

The unit is also responsible for all workers' compensation inquiries, correspondence and analysis.

Financial Examinations Division

The Financial Examinations Division currently licenses 986 insurance companies to conduct business in New Hampshire, 43 of which are domiciled in New Hampshire. Of these companies, 370 are licensed to write life and health insurance and the remaining 616 companies are licensed in various property and casualty lines. The division issued 27 licenses to companies new to the state during Fiscal Year 2008. Five licenses were issued life and health insurance companies

and twenty-two were issued to property and casualty insurance companies. (See Appendix II). Fourteen companies withdrew from the state for reasons including dissolution, merger or consolidation, or license surrender.

An alphabetical listing of all New Hampshire's domestic companies, with asset and liability information for calendar year-end 2007, may be found in Appendix III. Identical information is provided for all companies licensed in New Hampshire in Appendix IV.

Although New Hampshire does not license surplus lines companies, under RSA 405:26 the Department qualifies unauthorized insurers as eligible surplus lines carriers in New Hampshire. As of June 30, 2008, 58 insurers qualified as eligible surplus lines carriers (See Appendix V).

During Fiscal Year 2008 the Division completed in-depth financial examinations of the following domestic insurance companies:

ACA Assurance
Allmerica Financial Alliance Ins Co
Anthem Health Plans of NH
Bow Mutual Fire Ins Co
Concord General Mutual Ins Co
Delta Dental Plan of NH

The Financial Examination Division is also responsible for periodic review of the financial health of any insurance company licensed in the State of New Hampshire.

Operations Division

The Operations Division consists of the Fraud Investigation Unit, the Producer Licensing Unit and the Premium Tax Unit.

Insurance Fraud Investigation Unit

The Department's Insurance Fraud Investigation Unit is responsible for the investigation and prosecution of the crime of insurance fraud. The unit's investigators work directly with the Department's fraud prosecution attorney. The fraud prosecution attorney is a hybrid insurance department employee who works solely on insurance fraud cases under the direction of the attorney general's office. The fraud attorney has authority to prosecute insurance fraud cases in court.

The fraud unit opened 388 insurance fraud investigations in fiscal year 2008, of which 9 were referred for prosecution. The unit obtained restitution in the amount of $51,000 and fines in the amount of $36,469 during Fiscal Year 2008.

The Fraud unit anticipates an increase in cases opened of 15 to 20% of in fiscal years 2010 and 2011. Although the number of prosecutions is expected to rise, many cases result in confessions and settlement agreements that include restitution.

Producer Licensing Unit

The producer licensing unit currently licenses approximately 50,000 individuals as insurance producers and 4,500 business entities as insurance producers. In addition, the unit licenses 17,400 insurance claims adjusters licensed to adjust workers' compensation, and property & casualty lines of insurance.

Through a partnership with the National Association of Insurance Commissioners and the National Insurance Producer Registry (NIPR), the producer licensing unit now offers electronic licensing for all types of licenses, for both new and renewal licenses, and for license amendments and reinstatements.

Additional electronic services also available due to the partnership are address changes that can be processed simultaneously in multiple states. Additional electronic enhancements to licensing services include publicly available electronic verification of license status via the internet on the Department's web site.

The partnership with the National Association of Insurance Commissioners has allowed the unit to introduce a system for course providers to electronically submit continuing education courses for approval, for transmission of licensee course completion data, and also provides the unit with instant compliance calculation for the continuing education programs, all at reduced cost.

In addition, due to weather emergencies that occurred in FY 2008, the unit has streamlined issuance of emergency licenses for claims adjusters when authorized by the Commissioner.

In December 2007, the unit was evaluated by a team from the Producer Licensing Coalition of the NAIC to determine the level of compliance with national uniformity standards and multi-state licensing reciprocity. The unit was fully compliant in all areas.

Premium Tax Unit

The premium tax unit is responsible for the receipt and auditing of premium tax, surplus lines and other tax returns from insurance carriers doing business in New Hampshire. The unit also calculates the department's annual revenue projections and annual examination per diem charges. The unit prepares the annual assessment calculation and invoices all insurance carriers for their respective shares of the Department's operating budget. The tax unit also calculates, prepares, and transmits invoices for all examination costs.

In 2008 the unit collected $85.7 million in premium tax revenue and $10.2 million in licensing and other fee revenue, totaling $95.9 million that was credited to the general fund.

Legal Division

The Legal Division is responsible for three primary functions: The General Counsel provides legal advice, research and opinion to the Commissioner; the enforcement unit investigates and brings administrative actions for violations of the insurance laws; and provides legislative and rulemaking unit conducts the department's rulemaking and legislative functions.

Enforcement Unit

During Fiscal Year 2008 the enforcement unit undertook 154 enforcement investigations, resulting in 18 consent orders or disciplinary actions. In addition, $38,250 in fines were assessed as penalties for violations of New Hampshire insurance laws and Department rules. Enforcement Unit actions resulted in restitution to consumers in the amount of $6620.00.

Rehabilitations and Liquidations

ACA Assurance in Rehabilitation

On October 11, 2006, at the request of the New Hampshire Insurance Department, the Merrimack County Superior Court issued an Order placing ACA Assurance into rehabilitation. At that time numerous successful changes were made to ACA's operations, and the rehabilitation was closed July 6, 2007. Since that date the filing of a number of large claims required the Department to request the Merrimack County Superior Court to reopen the rehabilitation. That request was granted by the Court on September 8, 2008.

At that time, the respective State Guaranty Associations were called on to guaranty claims. The Guarany Associations have been and continue to make statutorily mandated claims payments. The June 15, 2004 deadline for filing proofs of claim with the estate has passed. External Review of Health Care Decisions

The Insurance Department is responsible under RSA 420-J:5 for processing appeals of health insurance decisions. The Department fulfills this responsibility by assisting the public with preparing appeals, by processing those appeals and by certifying external review organizations as third party reviewers.
