RFP 2023-2-NHID – Feasibility Study for Establishing a Hybrid Marketplace Exchange

ANSWERS TO POTENTIAL BIDDERS' QUESTIONS

1. Section 1.1 states that the expected contract termination date is 12/31/23. Can the contract terminate on an earlier date if all deliverables have been met?

Answer: Yes. The contract will terminate when all deliverables have been met and all payments made for services rendered. If this does not take place before 12/31/23, then the contract will terminate by its own terms on that date, unless a contract extension is negotiated and approved.

2. What is the anticipated start date for the successful vendor?

Answer: 7/20/2023. This is four weeks after the estimated date for notification of vendor selection. It takes about four weeks to assemble the appropriate documentation and obtain approval of the contract by the New Hampshire Governor and Executive Council.
