Key Dates: 2016 Marketplace Plan Review

- **April 15, 2015** - Carriers submit plans to Department (QHPs)
- **August 25, 2015** - Department submits QHP certification recommendations to federal agency (CCIIO)
- **September 2015** - CCIIO decides which plans to certify for sale on Marketplace
- **November 1, 2015** - Marketplace open to public to enroll, view plan details and rates

Preview of Marketplace Issuer Networks

All information provided in this presentation has been generated from insurance carrier applications and is current as of May 2015.

This information does not represent final networks as they will appear on the Health Insurance Marketplace in 2016. Carriers continually negotiate contract terms with providers, and State review of these networks may result in changes to provider contracts or geographic coverage of health plans.

Hospital listings reflect only those hospitals located in NH. Essential Community Providers (ECPs) are medical care providers who serve predominantly low-income, or medically underserved patient populations as classified by CMS under 45 CFR 156.235 of the Federal Register.
