Prescription Assistance Programs

Quick Overview

The N.H. Insurance Department has compiled a quick overview of various types of assistance available when researching or purchasing prescription drugs. In today's economy, bills for medications can be quite costly with or without insurance. There are assistance programs and research tools available to assist you in finding; the different prices of your medication, financial assistance for your medications, and medical information on your prescription. This is a guide to assist you in becoming a more informed consumer.

Eligibility to participate in the following programs is typically based on financial need.

Programs

N.H. PARTNERSHIP FOR PRESCRIPTION ASSISTANCE

888-477-2669

<http://www.pparxnh.or>

Partnership for Prescription Assistance -- PPARxNH is a program that connects qualified, low-income people with discount prescription drugs direct from the pharmaceutical manufacturer.

NH MEDICATION BRIDGE PROGRAM

603-225-0900

<http://www.healthynh.com/fhc/initiatives/access/medicationbridge.php>

This program is sponsored by the Foundation for Healthy Communities and assists individuals with lower incomes who do not have insurance coverage for prescription drugs. Income limits may vary widely depending upon the medication and manufacturer.

The New Hampshire Insurance Department makes sure that insurers doing business in the state are financially sound, that insurance is available and appropriately priced, and consumers are treated fairly by doing the following:

- Licensing insurance companies and monitoring their financial stability
- Reviewing insurance forms and premium rates to be sure they comply with state law
- Licensing individual insurance producer/agents and brokers as well as insurance agencies
- Helping consumers with questions and problems
- Ensuring that insurance companies and producer/agents comply with state insurance laws
- Educating the public about insurance
- Advocating reforms that protect the insurance-buying public

OTHER PRESCRIPTION ASSISTANCE PROGRAMS (PAP'S) OR DISCOUNT DRUG PROGRAMS

Research these carefully

These programs are typically sponsored by pharmaceutical companies and are designed to provide free or low-cost medication to low income, uninsured and underinsured populations. The majority of pharmaceutical companies have some form of a PAP for some or all medicines. Each company is responsible for establishing the enrollment criteria for its program.

To find out about specific Prescription Assistance Programs ask:
