To New Hampshire Property and Casualty Carriers:

As you know, the recent tornados in New Hampshire have prompted me, under my emergency powers, to authorize the issuance of emergency licenses to property and casualty adjusters. I am writing New Hampshire Property and Casualty carriers to encourage you to take advantage of this order. I urge you to place additional adjusters in New Hampshire if needed to help expeditiously process the claims that have arisen as a result of the destruction caused by last week's tornados. This is an opportunity for New Hampshire's P&C carriers to demonstrate excellent customer service through immediate response to the devastation that occurred here in New Hampshire. I appreciate your efforts to assist those New Hampshire residents and businesses affected by last week's storms.

Very truly yours,

A handwritten signature in black ink, appearing to read "RAS", written over a light blue horizontal line.
