NH Insurance Department to Host Public Information Sessions on Health Care Networks

Concord, NH – The New Hampshire Insurance Department will host two information sessions in June on the health care provider networks likely to be available through New Hampshire’s health insurance exchange in 2018.

The first session will take place Monday, June 26, from 10-11 a.m. in Concord, at the Brown Auditorium, 129 Pleasant St. The second will be held online on Wednesday, June 28, from 11 a.m. to noon.

Both sessions will be free and open to the public. Members of the New Hampshire Insurance Department will share information about the networks proposed by the insurance companies that have applied to offer plans on the federally facilitated New Hampshire Marketplace in 2018. (Companies are currently in the midst of applying to offer plans for 2018: The Insurance Department’s deadline for initial applications is May 12.)

“Our goal with these information sessions is to help consumers, and those who work with consumers, get a detailed sense of what the health care provider networks will look like for each plan offered on the Marketplace next year,” said New Hampshire Insurance Commissioner Roger Sevigny. “Transparency allows New Hampshire residents to make informed choices about their health insurance.”
