INTRODUCING:

# *Inscription*

Our wine specialists, Nicole Brassard and Gordon Heins, assembled a group of wine enthusiasts from the liquor stores and local restaurants along with members of the Liquor Commission to blind taste and rate fifty-eight wines from different areas of the U.S. and South America. The panel was charged with finding three wines of the very best quality that the Commission could present at very competitive pricing.

The result of this arduous process is an offering of three varietals; Cabernet Sauvignon, Merlot, and Chardonnay under the states' own label, Inscription. In the spirit of independence and innovation, the State of New Hampshire is proud to dedicate this exclusive label to our customers.
