

**New Hampshire State Council on the Arts
Arts in Health Grant Guidelines
FY2018**

These grant guidelines are valid for fiscal year July 1, 2017 - June 30, 2018. Applications must be submitted by 11:59pm on May 19, 2017 (for projects occurring between July 1, 2017 - June 30, 2018).

Arts in Health Project grants support participatory arts activities, creative aging and artist residencies that occur in health based facilities. The overall goal of this grant category is to utilize the arts to enhance the quality of life and promote an environment conducive to healing for patients, residents, caregivers, and/or clients. This grant category is in response to the Arts Council's commitment to meeting the needs of underserved populations, which can include the elderly, people with disabilities, and people with health challenges.

Organizations seeking funding in this category are strongly encouraged to develop projects that:

- Include New Hampshire artists with appropriate training and background for this work and compensate them for their work. The State Arts Council maintains a juried directory of artists trained to work in health care settings. [Click here](#) to browse the Arts in Health Directory.
- Include more than one arts program while the artist is in the facility (e.g. multiple performances; and/or a variety of programs, including performances, demonstrations, workshops, and classes).
- Include a professional development opportunity for staff.
- Have plans to sustain arts programming for the benefit of the population served.
- Include meaningful, participatory and engaging arts programs and experiences.

Maximum Grant Request and Required Match

Requests may be made for \$500 - \$4,500. At a minimum, grants must be matched on a one-to-one basis.

A combination of cash and in-kind contributions may be used to match the grant. In-kind contributions may comprise not more than 50% of the match and will also be considered by the reviewers as evidence of support and commitment by the community and/or partner organization. State Arts Council funds may not be matched by other State Arts Council or National Endowment for the Arts funds. We strongly encourage match from multiple sources.

*Please note that all grant categories and amounts are subject to change, depending upon availability of state and federal funds for any fiscal year.

Application Review Process

A panel with expertise in the focus area of the grant category meets to review and rank applications according to the funding criteria listed. Whenever possible, a State Arts Councilor facilitates the meeting. After discussion and review of work samples submitted, applications are ranked by the panel. Funding recommendations are forwarded to the State Arts Councilors for review and approval. If the organization's cumulative total of grants received from the State Arts Council for that fiscal year (July 1 - June 30) is \$10,000 or more, the grant recommendation must also be submitted to the Governor and Executive Council for approval. Errors and omissions may affect a panel's evaluation of your application, so please prepare your application carefully and follow instructions.

Notification

No formal announcement regarding a funding decision and/or grant amount will be sent to any applicant until after the Council meeting (meeting dates are listed on the NHSCA web site). At that time applicants will receive official notification of the Council's action, as well as panel comments. Whether or not a grant is awarded, these comments should help in the development of future applications. This notification may take up to 10 weeks after the application deadline.

Payment

NHSCA disburses funds appropriated from public sources, both federal and state. Checks are issued by Administrative Services of the State of NH, not the Department of Cultural Resources or the State Arts Council. Upon receipt of properly executed grant forms, the State of New Hampshire generally pays grants under \$10,000 to grantees within four to six weeks. If an organization is awarded \$10,000 or more or has received other State Arts Council funds which bring the cumulative total received for that fiscal year (July 1 - June 30) to \$10,000 or above, grants must be approved by Governor and Executive Council; consequently, payment can take up to 10 weeks. All awards are subject to availability of state and federal funds. Please plan cash flow accordingly.

IMPORTANT: All grant agreements must be returned by January 15 of the fiscal year (July 1 to June 30) in which they are awarded. Failure to return the grant agreement by that date could result in cancellation of the grant and reallocation of funds.

Payment of a grant will be withheld if final reports for previous grants are not in compliance with policy below.

Grant Period and Reporting Requirements

The grant period is noted above. A final report is due 30 days after the completion of your project. An extension of up to three months may be requested. The request for extension must be made *in writing, before* the deadline for filing has passed, to the grant coordinator responsible for administering the grant and should briefly note why the extension is necessary and the date the report will be submitted.

Failure to submit the final report by the required date will result in the organization becoming ineligible to apply for NHSCA funding for two years. Additionally, failure to submit the final report may result in a withholding of funds from any currently awarded NHSCA grant.
