Frequently Asked Questions									
what should I include in my budget? This budget is for a PROJECT. Please include only those items of income and expense relevant to the specific project for which you are requesting funding, or for the portion of the larger project for which you are requesting funding, or for the portion of the larger project for which you are requesting support. Estimate as best you can the percentage of earned income, salaries, office supplies, etc. for this specific art project.									
should be included in in-kind goods estimating the value your organization would otherwise need to pay.									
What is applicant cash? Applicant cash refers to the money that comes from the organization's general operating budget or reserves.	Projected budgets	Should income and expenses match? Projected budgets should balance while actuals probably won't. Projected budgets balance because you are providing a picture of what you think you will spend and where that funding will come from.							
Keep a copy of this budget in your records! When you fill out your final report, you will be asked to update this budget sheet with actual numbers and resubmit it
