The Board agrees not to negotiate with any teachers' group or association other than the designated unit in regard to any matter subject to negotiations. This shall not prevent the Board from communication or consultation with any individual or group of professional employees for any purpose the Board shall deem desirable in the discharge of its responsibilities, nor shall it preclude any professional employees from appearing before the Board in his/her own behalf on matters relating to employment by the Board.

ARTICLE VII

GRIEVANCE PROCEDURE

A. Definition:

- 1. A grievance shall mean a complaint by a professional employee or the Association that there has been a violation, misinterpretation, or inequitable application of any of the provisions of this Agreement.
- 2. An “aggrieved person” or grievant is the person or persons or the Association making the complaint.
- 3. The term “days” when used in this article shall mean working school days, except after the end of the school year when they shall be Monday through Friday; thus weekend or vacation days are excluded.

B. Initiation and Processing:

A grievance to be considered under this procedure must be initiated in writing by the grievant within twenty (20) days of when the grievant should have reasonably known of its occurrence or from when it occurred.

Nothing in this procedure shall prevent the Association from processing any grievance under this procedure at level 1B and beyond. Failure at any level of this procedure to communicate the decision on a grievance within the specified time limits shall permit the grievant to proceed to the next level.

Failure at any level of this procedure to appeal a grievance to the next level within the specified time limits shall be deemed to be a waiver of further appeal of the decision and acceptance of the decision rendered at that level.

1. Level One – Principal

- (a) A professional employee with a grievance will first discuss it with his/her principal or immediate superior, with the objective of resolving the matter informally. A verbal response shall be given to the grievant within three (3) days.
- (b) If, as a result of the discussion, the matter is not resolved to the satisfaction of the grievant, the grievant may present the grievance in writing to the principal on the appropriate form. A decision in writing shall be given to the grievant and the Association within five (5) days of receipt of the written grievance.

2. Level Two – Superintendent (or his/her designee)

If the grievance is not resolved to the grievant's satisfaction, or if no decision has been rendered with five (5) days by the principal, the grievant may appeal to the Superintendent in writing within (5) days. The Superintendent shall arrange for a meeting to take place within five (5) days of receipt of the appeal. Upon conclusion of the meeting, the Superintendent shall render his written decision to the grievant, to the Association and to the administrators involved at the previous step of the grievance procedure.

3. Level Three – Board

If the grievance is not resolved to the grievant's satisfaction, or if no decision has been rendered by the Superintendent within five (5) days, the grievant may request and shall be granted a review by the Board. Such request must be made within five (5) days after receipt of the Superintendent decision, and shall be submitted in writing through the Superintendent, who shall attach all related papers and forward the request to the Board within five (5) days. The Board, or committee thereof, shall review the grievance and shall hold a meeting with the grievant. Within twenty (20) days of receipt of the appeal, the Board shall render a decision in writing and the reasons therefore, and forward copies of the decision to the grievant, to the Association, and to the administrators involved at the previous steps of the grievance procedure.

4. Level Four – Arbitration

- (a) If the decision of the Board does not resolve the grievance to the satisfaction of the grievant or if no decision is rendered within twenty (20) days of the receipt of the grievance, he/she shall notify the Association within five (5) days of the receipt of the Board's decision. If the Association determines that the matter should be arbitrated further, it shall, in writing, so advise the Board within ten (10) days. The grievant will then initiate a request for arbitration to the Federal Mediation and Conciliation Service or the American Arbitration Association. The Federal Mediation and Conciliation Service or the American Arbitration Association will immediately after the receipt of the request submit a list of qualified arbitrators for selection by the parties, in

accordance with rules and procedures prescribed by it for making such designation.

- (a) Neither the Board nor the Association will be permitted to assert any ground or evidence before the arbitrator which was not previously disclosed to the other party. The decision of the arbitrator will be binding upon both parties.
- (b) The Board, the grievant, and the Association shall receive copies of the arbitrator's report. This shall be accomplished within thirty (30) calendar days of the completion of the arbitrator's meeting.
- (c) The Board and the Association recognize this agreement as a legal document and to that extent may utilize the courts to enforce such document.
- (d) The fees and expenses of the arbitrator will be shared by the Board and the Association equally.

C. Rights of the Professional Employee to Representation

- 1. An aggrieved person may be represented at all stages of the grievance procedure by him/herself or by the Association.
- 2. When a grievant is not represented by the Association in the processing of a grievance, the Association shall, at the time of the submission of the written grievance to the Principal, be notified by the Principal in writing that the grievance is in progress. The Association shall have the right to be present and present its position in writing at all hearing sessions concerning such grievances and shall receive a copy of all decisions rendered.
- 3. The Board and the Association shall assure that the parties in interest and witnesses are guaranteed freedom from restraint, interference, coercion, discrimination, or reprisal with respect to the processing of a grievance.
- 4. The Administration will grant the parties in interest and witnesses released time with pay from their duties to participate in the processing of the grievance.

ARTICLE IX

WORKING DAY

- A. The work year for a professional employee shall be 185 days. It is understood by the parties that the determination of the starting time and closing time of the school day is the responsibility of the Board. A regular working day for a staff member shall be defined as a day not to exceed 430 consecutive minutes except as noted in B and C. In the event the Board considers a change in the starting time or closing time of the school day or change the number of periods in the school day, the Board will notify the professional employees affected by the proposed change and, upon request, will meet with a committee of professional employees selected by the staff of the building affected to discuss these changes.
- B. Professional employees must be present at assigned stations fifteen (15) minutes prior to the opening of school and professional employees are to remain in school fifteen (15) minutes after the close of a regular working day. Permission for early departure may be granted by the building principal to attend classes, meetings, or medical and dental appointments, providing such early dismissal does not disrupt the orderly operation of school activities.
- C. The school day for professional employees may be extended for the following:
 - (1) Individual instruction, counseling, and parent conferences which will be scheduled, except in unusual circumstances, at a time and place mutually convenient to the teacher and parties involved.
 - (2) Professional staff meetings, except those held during early release time, involving the entire building faculty shall be limited to two (2) per month except in case of emergency. These faculty meetings will be announced at least twenty-four (24) hours in advance and an agenda will be provided by 9:00 a.m. the morning of the meeting. Such meetings shall begin no later than fifteen (15) minutes after student dismissal and shall run no more than sixty (60) minutes.

(3) Assigned duties:

- a. Early morning duty is not to exceed thirty (30) minutes prior to the opening of school.
- b. Supervision of detention at the Middle School and High School is not to exceed one (1) hour after the close of school.
- c. These assigned duties will be distributed equitably among professional employees.
- d. Librarians and school nurses may be asked to be at the school up to fifty (50) minutes prior to the opening of school or to remain up to fifty (50) minutes after the close of school providing the total working time does not exceed 430 consecutive minutes.

D. Release time will be provided for preparation of I.E.P.'s and I.V.E.P.'s and for participation in pupil placement meetings. A substitute will be provided for this purpose four (4) days/quarters at each level. Those professional employees with the greater number of cases will be considered first for such release time. Release time is defined herein as a reduction of student contact time.

E. Professional employees may leave the building during their unscheduled time provided they sign out in the principal's office prior to their leaving and upon their return.

F. All professional employees shall receive a duty-free uninterrupted lunch period of thirty (30) minutes or the student lunch hour, whichever is greater.

G. In the event of an extended day or double sessions at any school, the Association's President will appoint three (3) members (including the Negotiations Chairperson) and the Board Chairperson will appoint three (3) members to serve on an advisory committee to make recommendation, through the Superintendent to the Board. The Board reserves the right to change time schedules, which modifications could result in changes to the 430 minutes requirement in Section A above. If there is an extended day, double session, or change in the 430 minutes requirement, the Board and the Association agree to renegotiate the financial impact of such changes on employees in accordance with this Agreement. A professional employee, unless hired specifically for the purpose, may be asked, but will not be required to work a split shift, in either the extended day or double session.

H. Middle School and High School Working Day

Under the present Middle School and High School time schedule, the weekly teaching load for all Middle School and High School professional employees shall be no more than twenty-five (25) teaching periods and five (5) supervisory assignments excluding homeroom period.

All professional employees may be expected to take a homeroom period or an equivalent time responsibility during homeroom period.

With the consent of the professional employee, a schedule may be arranged whereby the minimum daily preparation period may be waived provided that the professional employee receives five (5) preparation periods a week. It is agreed that in unusual circumstances individual teachers may consent to an assignment which would require additional student contact time.

I. Seacoast School of Technology Working Day

The weekly teaching load for all Seacoast School of Technology professional employees shall be thirty (30) teaching periods per week. Five teaching periods per week may involve site visits and site contacts to and with off-campus workstations. K. Department Heads/Learning Area Advisors

Under the present Middle School time schedule department heads will have twenty (20) teaching periods and no more than three (3) supervisory assignments per week. Under the present High School time schedule department heads/learning area advisors may be assigned up to twenty (20) periods of student contact time per week. A department head/learning area leader may choose to have more than the aforementioned amount of student contact time.

When a department head has seven (7) or more full time teachers excluding the department head, the department head will be assigned no more than fifteen (15) periods of student contact time per week. If scheduling dictates that one additional section is needed, the department head will teach twenty (20) periods per week.

L. Part-time Employees

Whenever possible, all part-time positions will be scheduled by consecutive periods. All extra duty assignments will be pro-rated for a part-time position consistent with the schedule assigned to the part-time position.

If the position is scheduled for morning classes, then early morning duty will be assigned. If the position is scheduled for afternoon classes, then detention duty or afternoon bus duty will be assigned. All part-time professional employees will be required to attend professional staff meetings unless released by their building principals.

The notice shall be dated, indicate the position open, the location of the vacancy by school, any special requirements for the position, and the date applications cease to be accepted.
- B. During the term of this agreement, professional employees who desire a transfer of grade, subject area or school for the ensuing school year must file with the Superintendent before April 1, a written request, which shall include documentation of qualifications.

ARTICLE XI

REDUCTION IN FORCE

- A. In the event it becomes necessary to reduce the number of employees due to reasons of economy, program elimination, reduction in subject area, decrease in enrollment, or the consolidation or elimination of positions, the basis for the decision to terminate employees shall be performance and seniority. Such reinstatement shall not result in a loss of credit for previous years of service. No new or more than one-half (1/2) year substitute appointments may be made while there are laid off professional employees available who are certified to fill the vacancies. Any professional employee laid off because of reduction in force shall have a letter placed in their professional file stating that said professional employee was not offered a new contract because of reduction in force. Such information shall also be contained in any requests for recommendation. Any professional employee so affected shall follow the procedures established by RSA 189-14 a and b. It is the responsibility of a terminated professional employee to notify the School District of availability for recall in writing prior to March 1st of each year.

A professional employee may not advance beyond a Master's equivalency tract without the actual degree as of September 1, 1978. For salary purposes, placement beyond the master tract will be determined by the number of graduate credits earned by the professional employee after the degree was granted. Advancement beyond the Bachelor's tract and Master's tract will also result from credits earned through Staff Development after the receipt of the degree.
- Should any previous part-time professional employee change to full-time status, placement on the salary schedule shall be based on the professional employee's full-time equivalent service.
- C. Higher initial placement on the salary schedule shall be at the discretion of the Superintendent and the Board.
