**APPENDIX B**

**Support Staff Performance Evaluation Plan**

## Performance Evaluation Plan

### POSITION STATEMENT

The primary function of an evaluation is employee development. When used effectively, the performance evaluation can provide accurate and timely feedback on past performance, significantly enhance employee performance and satisfaction, and offer feedback to employees on how to improve. These evaluations support and provide documentation for personnel actions.

The purpose of the performance evaluation is to achieve the following objectives:

- To encourage open and on-going communication between supervisors and employees.
- To identify employees' strengths and developmental needs for their current (and future) positions and assignments.
- To provide timely and accurate feedback to employees concerning job performance in relation to the established job descriptions.
- To provide a fair and consistent method for evaluating performance.

Job descriptions are approved and revised as necessary by the Hillsboro-Deering School Board after consultation with the Union.

The evaluation plan is comprised of three (3) tracks that differentiate among newly hired employees, continuing contract employees and those support staff in need of assistance and/or improvement.

The basis of the system is as follows:

**Track 1:** First year employees who will receive more frequent observation and evaluation as determined by the administration;

**Track 2:** Continuing contract employees who have received a satisfactory evaluation in the preceding year and will receive annual evaluations;

**Track 3:** Employees who have been identified as in need of improvement and assistance and have experienced difficulty in meeting the requirements of their job and who will receive more frequent evaluation based on their improvement plan.

## EVALUATION PROCESS

### 1. Dissemination of the Plan

- All employees will be provided with a copy of the evaluation plan and their job description.
- New employees will receive a copy of the Performance Evaluation Plan and job description upon hiring.
- Employees will receive a written identification of their immediate supervisor and evaluator upon hire or with their intent to re-employ.

Note: Immediate supervisors and/or evaluators may be subject to change during the contracted year; employees will be notified in writing regarding the change of supervisor.

### 2. Process for Completing the Evaluation

- Formal evaluations shall be completed on or before May 1st of each year. The evaluator shall schedule a meeting with the employee to discuss the evaluation, the employee's professional development and the employee's current assignment as well as possible assignment for the upcoming year. Track 3 employees shall have an additional meeting scheduled on or before September 30<sup>th</sup> in order to review the employee's improvement plan and performance issues.
- Formal evaluations for para-educators shall be based on at least one (1) classroom observation per year by the evaluator.
- Track 1 employees shall be evaluated at least once within the first sixty (60) days of employment. During the first year of employment, Track 1 para-educators may receive more frequent classroom observations and evaluations, as determined by the evaluator, prior to a formal evaluation. Other Track 1 employees may also receive more frequent evaluations as determined by the evaluator.
- Track 2 employees shall be observed at least once annually. If the administrator determines there are concerns with an employee during the school year, the employee shall be notified in writing of the concerns and the recommendations to improve. Notification of such concerns may trigger additional evaluations or observations.
- Track 3 para-educators shall be observed in the classroom at least once during the school year, or on such frequency as may be determined in the employee's improvement plan. A mid-year evaluation shall be completed on or before February 1<sup>st</sup> for all Track 3 employees which shall include an assessment of an employee's progress on the improvement plan.

- A post-observation meeting will be held between the evaluator and the employee within a reasonable time period after an observation. If any concerns are cited in the observation, another observation will be conducted by the evaluator prior to the next formal evaluation.
- The evaluator may gather input from personnel in daily contact with the employee. Feedback which addresses an area of concern shall be addressed with the employee by the evaluator in a reasonable time after learning of such concerns. All feedback utilized as the basis for an evaluation shall be attributable to the person providing the input. Anonymous reports shall not be used in an evaluation.

### 3. Evaluation Form

Evaluations shall be completed on forms mutually agreed upon between the parties. Forms shall be distributed to the employees at the beginning of the contract year.

#### A. Identifying Information

The top of the form shall include information required for identification: name of employee, position, current assignment, track number and school year covered by the evaluation. The employee's job description shall be attached to the evaluation form.

#### B. Evaluation Standards

Three levels of performance are defined:

- E** – Exceeds Expectations (Performs at a level above expectations)
- M** – Meets Expectations (Performs at a level that meets expectations)
- NI**– Needs Improvement (Performs at a level below expectations)

#### C. Performance Indicators

Every job category contains essential performance responsibilities listed as key indicators. Employees shall be evaluated based on their essential responsibilities as contained in the job descriptions and specific assignment. Specific comments will be provided on the forms if an employee (E) Exceeds Expectations or (NI) Needs Improvement.

#### D. Evaluator's Summative Comments

The supervisor performing the evaluation completes this section. Its purpose is to explain and clarify the employee's overall performance. The summary is an opportunity to note the employee's awards and accomplishments and to note any concerns.

#### E. Plan for Growth

In this section, the supervisor evaluates potential for professional growth and other plans and actions as suggested by the evaluation. If an NI is indicated, this section

must address a plan to improve the employee's performance. The employee's input for an improvement plan shall be solicited. An improvement plan shall provide specific timeframes for expectations regarding improvement in designated areas.

F. Employee's Response

The employee can write his/her comments on the evaluation or attach a separate sheet. If an employee believes they have been unfairly evaluated, the employee may request a meeting with the principal and/or superintendent to discuss the evaluation.
