ARTICLE VIII GRIEVANCE PROCEDURE

8.1 Definition. A grievance is defined and limited to a claim or dispute arising out of the application or interpretation of this Agreement under express provisions of the Agreement. It shall be processed in the following manner.

8.2 Step I. An employee having a grievance must discuss the grievance with his/her immediate non-bargaining unit supervisor or the supervisor responsible for the matter being grieved

within eight (8) working days from the date the employee could reasonably be made aware of the event. Such grievance shall be discussed between the employee, a union representative and the supervisor.

The supervisor shall give his/her answer within two (2) working days from the date he/she received notice of the grievance. The employee will be obligated to inform the supervisor that the issue is in fact a grievance from the employee's point of view so that the supervisor can contact the Union to be present. If the Public Works Director is the immediate supervisor of the employee involved in the grievance, then the grievance shall be filed at Step II.

8.3 Step II. If the grievant or the Union disagrees with the decision of the supervisor and desires to proceed with the grievance, then such grievance must be submitted in writing on the agreed upon form or forms listing the article and section of the Agreement violated, the specific grievance, and the remedy desired, to the Public Works Director within five (5) working days from the date the decision of the supervisor was rendered. The Public Works Director shall meet with the grievant and the Union representative to discuss the grievance within five (5) workdays from the date he/she received the grievance. The Public Works Director shall render his/her decision within ten (10) workdays from the date he/she received the grievance.

8.4 Step III. If the grievant or the Union are not satisfied with the disposition of the grievance by the Public Works Director or if no decision has been rendered, the grievance shall be submitted to the City Manager within five (5) working days of the Public Works Director's decision. The City Manager or his/her designee shall meet with the grievant and Union representative to discuss the grievance within ten (10) workdays from the date he/she receives the grievance. The City Manager shall have twenty (20) working days from the date the grievance was filed with him/her to render a decision.

8.5 Step IV. If the Union is not satisfied with the disposition and intent of the grievance by the City Manager, then the grievance may be pursued to arbitration if it is filed with the New Hampshire Public Employee Labor Relations Board within twenty (20) workdays of the City Manager's decision, with a copy to the City Manager.

8.6 **Arbitration.** The expense of the arbitrator shall be borne by the losing party. The arbitrator shall be required to declare the losing party. Each party shall make arrangements and pay the expenses of witnesses who are not City employees who are called by them. The arbitration award shall be in writing and shall set forth the arbitrator's opinion and conclusion on the issue(s) submitted. The arbitrator shall limit the decision strictly to the application and interpretation of the provisions of the Agreement. If made within the scope of these provisions, the arbitrator's decision shall be final and binding on both parties. In no event shall the scope of the arbitration exceed the interpretation and application of this Agreement. Such scope will be limited to the specific subject matter jointly submitted.

8.7 **Arbitration Award.** In case of a grievance involving any continuing or other money claim against the municipality, no award shall be made by the arbitrator which shall allow any alleged accruals prior to the date when such grievance was presented, except in a case whereby the employee or the Union, due to lack of knowledge, could not know prior to that date that there were grounds for a claim. In such cases, retroactive claims shall be limited to a period of twenty (20) workdays prior to the date the claim was first filed.

8.8 **Excluded from Arbitration.** Excluded from arbitration are unadjusted grievances which question the exercise of rights set forth in Article II, Management Rights, of this Agreement or which question the use or application of any right over which the employer is given unilateral discretion in this Agreement, excepting those rights relinquished by this Agreement.

8.9 **Arbitration Due Process.** Any employee or group of employees seeking arbitration under the provisions of this Article agree that as a condition for the submission of an issue to arbitration, the grievant knowingly and willingly agrees to accept the contractually provided for arbitration procedure as satisfying any State or any federally required procedural due process and to accept the decision of the arbitrator as dispositive of all substantive due process rights. If any employee or group of employees refuses to accept these terms and conditions, said grievance shall be ruled non-arbitrable.

8.10 **Informal Resolution/Adjustment.** Nothing contained herein shall be construed as limiting the right of any employee having a grievance to discuss the matter informally with any appropriate member of the Department, and having the grievance adjusted without the intervention of the Union, provided the adjustment is not inconsistent with the terms of this Agreement and that the Union has been given the opportunity to be present at such an adjustment and state its views concerning such adjustment.

8.11 **Grievance Dismissal.** If said grievance is not reported and/or processed within the time limits set forth in the preceding sections, the matter shall be dismissed, and no further action shall be taken with respect to such grievance.

ARTICLE IX HOURS OF WORK, OVERTIME AND RECALL

9.1 **Hours of Work.** The regular hours of work for full-time employees shall not exceed forty (40) hours in a seven-day period. The normal workweek shall consist of no more than five (5) consecutive workdays in a seven (7) calendar day period. The City shall establish the normal workweek and work shifts, which may vary from division to division and employee to employee. The regularly scheduled work shift in any given workweek for a full-time employee shall be no less than eight (8) hours or no more than ten (10) hours. This provision does not preclude an employee electing, with supervisor approval, to shorten a work shift provided the forty (40) hour work week requirement has been met.

9.2 **Changes to Regular Work Week.** The City shall give the union seven (7) calendar day notice before making any changes to an employee's regularly scheduled workweek. This section shall not apply to activities covered under Section 10.4.

9.3 **Overtime.** Hours of work beyond the employee's regularly scheduled workweek of forty (40) hours shall be considered as overtime. All time worked in excess of forty (40) hours in any one week for hourly rated employees shall be paid at the rate of time and one-half. All hours paid during the workweek shall be counted as hours worked for the purpose of determining the forty straight-time hours. In no case shall the overtime rate be pyramided, compounded, added together or paid twice for the same time worked.

9.4 **Overtime Restriction.** Before the City requires employees to leave work to avoid overtime due to employees reaching their forty (40) hours the City shall give the union seven (7) days' notice of the budgetary constraints that are justifying the need to avoid overtime costs.

9.5 **Recall to Work Site.** Any full-time employee who has left their place of employment and who is recalled by the City for work and reports to the work site prior to the next normal shift will be paid for a minimum of three hours at time and one-half or for actual time worked at time and one-half, whichever is greater. If an employee completes the required task, by punching out/ending the recall, within the three hours minimum work guarantee they may be called back for additional emergency or overtime without an additional three (3) hour minimum work guarantee. It is the purpose and intent of this section to assure an employee of at least three hours of pay at time and one-half for the inconvenience of being called back to the work site between the normal shifts, but not to be separately paid for several call backs within the three-hour minimum guarantee.

9.6 **Remote Access.** If an employee is recalled by the City for work and remotely accesses any of the City's computer management systems to assess and/or take corrective actions will be paid for a minimum of two (2) hours at time and one-half or for actual time of worked at time and one-half, whichever is greater. Corrective action is considered to be an act or actions that address the alarm or issue. Simply silencing an alarm, call or timing out an alarm or action for a period so that it reinitiates a recall will not be considered another recall for the purpose of this section. The intent of this section is to assure an employee of at least two (2) hours of pay at time and one-half for the inconvenience of being required to respond to a situation within the City.

9.7 **Recall to Work or Remote Access within One Hour of Work Shift.** Any employee who is called in one hour or less prior to the start of his/her normal shift shall receive such time at the overtime rate, but is excluded from the three-hour or two-hour minimum guarantee outlined in Section 9.5 and 9.6 above.

9.8 **Rescheduling of the Start of Work Shift.** The Public Works Department may schedule employees to start their next day's shift at a time earlier than the regular time without the extra compensation called for under Section 9.5, provided such change in schedule is made prior to the completion of the shift the preceding day.

9.9 **Assignment of Overtime.** Within divisions, overtime work which is scheduled in advance or which requires employees to be called in for unscheduled work shall be assigned first on a rotating basis among all qualified employees in the classification that normally performs the work.

9.10 **Scheduled Overtime.** Any employee who is scheduled to work overtime shall be given a minimum of three (3) workday notice for such scheduled overtime, and shall be paid for actual hours worked. For scheduled overtime that does not meet the minimum three (3) workday notification, the employee(s) shall be paid a minimum of three (3) hours at the employee's overtime rate or actual hours worked at the employee's overtime rate, whichever is greater.

9.11 **Snow or Ice Control Break.** Any employee who is scheduled or called in for snow or ice control duty between the hours of Midnight and 6:00 AM may, after completion of one (1) time through their route, return to the Public Works Facility for a one (1) hour break, one half (1/2) hour of which shall be paid and one-half (1/2) hour of which shall be unpaid. The employee must notify the responsible Public Works supervisor prior to the break. Employees shall be able to utilize the time at their own discretion. City vehicles must be parked at the Public Works Facility during the break period.

9.12 **Lunch.** Lunch period is limited to one half hour. Employees will normally bring their lunch and be prepared to eat it at their job site. If the employee(s) work site is three (3) or more miles from the main work site, employee(s) shall eat in the field. Employees may be allowed to travel to stores or gas stations to purchase drink or food, or to use the facilities with the permission of the supervisor. Such permission shall not be unreasonably withheld. This time shall be integrated into the one-half hour lunch break and at other times should be kept to a minimal amount of time. Any violation of this section may result in disciplinary action.

The employee must be in immediate communication with the Department and must be at

	25	1,440 hours

Up to forty (40) hours of sick leave may be transferred to vacation leave provided the employee has an accumulation of not less than one hundred ninety-two (192) hours of sick leave after the transfer and further provided that any sick leave used for sickness in the previous twelve (12) months will be deducted from the forty (40) hours available for transfer. Fifty (50%) percent of the value of accumulated sick leave, in straight-time wages, will be paid to an employee upon retirement. For the purposes of this section, "retirement" as used in the preceding sentence shall mean leaving the service of the City and eligible to draw a retirement allowance under the New Hampshire Retirement System or leave the service of the City after having completed twenty (20) years of continuous service.

15.2 Use of Sick Leave. On prior approval of the Public Works Director, sick leave may be used when an employee is ill or otherwise disabled or when there is serious illness or death in the employee's immediate family, or to enable an employee to meet dental appointments or take physical examinations, or other sickness preventions. The employee shall notify the Public Works Director within one (1) hour of the appointed time for the employee to enter on duty, of any illness or injury which will prevent him/her from reporting for work. The Public Works Director or the Human Resources Director may require a doctor's certificate or other proof of sickness, accident, or appointments before payments of sick leave are authorized.

15.3 Donation of Sick Leave. In cases where an employee, because of illness or injury, has used up or is about to use up all of his/her accumulated sick leave, the City Manager may, where he/she determines that said employee has kept a good attendance record and a good work record; invoke this paragraph and authorize and set the procedure for the donation by other interested City employees of sick leave to said employee. The following provisions and restrictions shall be incorporated into any such sick leave donation procedure set up by the City Manager in addition to any other restrictions or requirements he/she deems appropriate at the time.

A. In order to be eligible to donate sick leave, employees will have to have accrued at least one hundred ninety-two (192) hours of accumulated sick leave as of the time of donation.

B. Employees who have accumulated the minimum of one hundred ninety-two (192) hours may donate no more than five (5%) percent (rounded off to the nearest hour) of their total sick leave accumulation in any one instance.

C. All sick leave donated will be deducted from the accumulated sick leave of the donor; however, such donations will not count against leave that is otherwise eligible to be transferred to vacation.

D. All sick leave donated but not used for the purpose of the original donation will be returned to the donor(s) on a prorated basis, rounded to the nearest half hour.

15.4 **Personal Leave.** Regular full-time employees earning sick leave shall receive eight (8) hours of Personal Leave for each three (3) month period during which they use no sick leave. The following three (3) month measurement periods are established for the purposes of determining eligibility for award of this leave benefit:

January 1 to March 31

April 1 to June 30

July 1 to September 30

October 1 to December 31

Award of personal leave shall occur following the processing of all payrolls for the established measurement period. Any such earned Personal Leave must be taken prior to the end of the calendar year (December 31) or the end of the fiscal year (June 30) or it will be lost. Such earned Personal Leave may be taken when approved in advance by the Public Works Director. The use of such Personal Leave will not be charged to accumulated sick leave and such earned Personal Leave will not count toward vacation accumulation.

For purposes of implementing this leave benefit for a new regular full-time employee, the employee will receive a prorated allocation following the first quarter of employment. For example, an employee with an employment status eligible for this benefit for 10 weeks out for a three (3) month measurement period (defined as 12 weeks for the purposes of this calculation) with a 40-hour work week not utilizing sick leave during the period would be awarded 6.6667 hours for the previous quarter.

Transition: The existing methodology for awarding personal leave hours based on non-overlapping periods (see Appendix F) shall continue until the City transitions payroll from Pentamation (legacy system) to MUNIS. When the software transition occurs, following the processing of the last payroll in the legacy system, personal leave hours balances will be carried forward and following the processing of the first payroll in the new system, all eligible regular full-time employee will be allocated 8 hours of personal leave.

15.5 **Sick Leave Payout Upon Death.** On the death of any employee entitled to sick leave, one hundred (100%) percent of accumulated sick leave shall be paid to the estate of the person or persons to whom unpaid salary is payable.

ARTICLE XVI LEAVES OF ABSENCE

16.1 **Union Related.** The Department agrees to allow Union representatives, stewards and/or aggrieved employees reasonable time, without loss of pay, during regular working hours for the purpose of processing grievances, provided such time away from work does not interfere with the work of the divisions involved. Such time shall not be withheld unreasonably. The Union representatives shall obtain prior permission to absent themselves from work before leaving a work site and shall obtain prior permission of the immediate superior involved before interrupting the work of an employee located at a different work site. Further, the bargaining unit shall on a contract year basis be granted an aggregate of two (2) days, without loss of pay, for the purpose of attending conventions, conferences and other necessary functions of the Union. The selected Union representative (s) shall obtain prior permission from their immediate supervisor(s) or department head prior to absenting themselves from work. Such time shall not be withheld unreasonably. The Union may schedule two (2) Union meetings per calendar/contract year, to be held at a Keene Public Works Department facility, at 2:00 PM, with all Union members able to attend without the

loss of pay. The President of the Union shall provide the Public Works Director reasonable advance notice of the Union Meeting.

16.2 **Pay for Union Representatives.** Time lost by representatives of the Union on grievance settlements or negotiations shall be paid for by the City as provided in RSA 273-A:11.

16.3 **Leave of Absence With Pay.** The City Manager may grant a short-term leave of absence with pay to regular employees whenever he/she considers such leave in the City's best interest. Such leave includes leaves for the purpose of attending professional conferences, work-related conventions, training, institutions, seminars and school.

16.4 **Leave of Absence Without Pay.** The Public Works Director may grant a leave of absence without pay for a period not exceeding two (2) days annually. The City Manager may grant a leave of absence without pay for a period not exceeding one (1) month. Leaves of absence without pay for approval by the Public Works Director shall be submitted at least three (3) working days prior to the required leave time. Leaves of absence without pay for approval by the City Manager shall be submitted at least ten (10) working days prior to the required leave time. The City Manager may also grant a leave of absence without pay for more than one (1) month to accommodate state or federally protected leaves.

16.5 **Maternity/Paternity Leave.** Leave for a birth in the family may be obtained by a regular employee to the extent that the leave meets the requirements of the Family Medical Leave Act.

16.6 **Bereavement Leave.** After the probationary period, regular full-time employees are authorized up to twenty-four (24) hours funeral leave for death in the immediate family. Immediate family is defined as spouse, child, stepchild, parent, stepparent, brother, sister, father-in-law, mother-in-law, grandparent, grandchild, or relative living in the employee's household. The Public Works Director may approve funeral leave for persons outside the immediate family and such leave shall be charged to accumulated vacation or personal leave.

16.7 **Military Leave.** A regular full-time employee who receives orders to report for military duty must let their supervisor know at once. Such employee will be afforded all privileges required by law. Regular full-time employees who are in the organized military guard or reserve and who are required to perform field duty will be granted one hundred and twenty (120) hours per year of military service leave in addition to vacation leave. During the period of military service leave, the City will pay the employee the difference between military pay and the employee's regular pay, the total of which can equal no more than the regular compensation.

16.8 **Civic Duty Leave.** Leave with pay shall be granted to a regular full-time employee for civic duty requiring appearance in court or before a public body. Pay shall be reduced, however, by any amount the employee is paid for the civic duty. Supervisors must be notified at once of any requested civic duty leave.

16.9 **Injury Leave.** Sick leave covers all injuries incurred off duty, which are not covered by Workers' Compensation. Injury leave as distinguished from sick leave shall mean paid leave given to an employee due to absence from duty caused by an accident or injury that occurred while the employee was on duty. All employees of the City shall be covered by Workers' Compensation Insurance, either by self-insurance or by an insurance company, as the City Council may direct. In the event of an on-the-job injury, the City will pay for such period of disability

absence Injury Leave to regular full-time employees equal to the employee's regular pay up to a maximum of seven (7) calendar days, for such period as insurance payments are not made under Workers' Compensation Insurance. Beyond the maximum seven (7) day period for which injury leave may be extended, the employee may be paid, after receipt by the City of satisfactory evidence of disability from a physician(s) from any accumulated sick leave the employee may have until Workers' Compensation payments begin. If Workers' Compensation coverage is later denied on the grounds that the injury was not job related, then the City shall be reimbursed by the employee for any Injury Leave payment made to the employee or the City may simply charge the Injury Leave time extended to the employee's accumulated Sick Leave to the extent it is available. If Workers' Compensation coverage is awarded retroactively or a settlement of a Workers' Compensation claim is made with the carrier which is intended to cover past salary provided to the employee by the City from Injury Leave or Sick Leave, then the employee shall reimburse the City for such Injury Leave or Sick Leave which was later covered and paid to the employee under Workers' Compensation Insurance. On reimbursement, the City shall credit the employee's Sick Leave accrual account with the amount of sick leave reimbursed. In no event will an employee be eligible to receive a duplicate regular benefit such as full Injury Leave or Sick Leave and full Workers' Compensation benefits that would provide the employee with more than the employee's weekly pay. The City shall have the right during the period of absence to be provided with an initial medical opinion and any existing medical records indicating the condition of the employee at no cost to the City and shall also have the right to require additional medical opinions at its cost.

16.10 **Crime Leave.** Employees who are victims of certain crimes will be permitted to leave work to attend court or other legal or investigative proceedings associated with the prosecution of the crime in accordance with the New Hampshire Crime Victim Employment Act of 2005, RSA 275:61 and the City's Crime Victim Leave policy.

ARTICLE XVII INSURANCES

17.1 **Life Insurance.** All regular full-time employees shall be covered by a group term life insurance benefit equal to one time the employee's annual base salary adjusted July 1 of each year, with an accidental death and dismemberment rider (double indemnity in the case of accidental death), the cost of which shall be paid for by the City. It is agreed by the parties that the City shall have the sole right to determine which company provides such life insurance.

17.2 **Health Insurance.** The City shall provide to regular full-time employees a medical insurance plan with benefits and a local provider network that is comparable to the Anthem ABSOS 20/401KED (0L7) plan (ABSOS Option I) made available July 1, 2018. The City shall retain the right to obtain this coverage from any carrier, network provider and/or third-party administrator.

Effective July 1, 2023, the City shall pay ~~ninety-four~~ percent (90%) of the cost of the ABSOS Option I plan for regular full-time employees. Those regular full-time employees selecting any other option made available by the City will be responsible for the cost differential of that option and ~~ninety-four~~ percent (90%) of the ABSOS Option I Plan. In the event that ninety-percent (90%) of the cost of the ABSOS Option I Plan exceeds one hundred percent (100%) of the cost of any other option offered by the City, no monies will be owed to the bargaining unit member.

Effective July 1, 2024, the City shall pay eighty-nine percent (89%) of the cost of the ABSOS Option I plan for regular full-time employees. Those regular full-time employees selecting any

other option made available by the City will be responsible for the cost differential of that option and eighty-nine (89%) of the ABSOS Option I Plan. In the event that eighty-nine percent (89%) of the cost of the ABSOS Option I Plan exceeds one hundred percent (100%) of the cost of any other option offered by the City, no monies will be owed to the bargaining unit member.

In conjunction with the health insurance plan described (ABSOS Option I), for employees electing health coverage through this plan the City shall provide a Health Reimbursement Account for the expressed purpose of covering a portion of employee out of pocket costs as described below:

Option I HRA: Effective July 1, 2020

The City will reimburse annual Medical Plan Deductibles in excess of \$500 for members electing an individual plan, \$500 individual/\$1,000 total for members electing individual plus one (1) plan, and \$500 individual/\$1,500 total for members electing individual plus two (2) or more plan.

The City will pay an annual health insurance buyout of \$2,000 to any regular full time employee who is eligible for but elects not to enroll in the City's health insurance, provided the employee gives the City proof of insurance coverage for the employee, and if applicable the employee's family (spouse and/or dependents) as defined by the IRS/ACA under another employer-sponsored plan and provided such election does not subject the City to any additional payment, tax and/or penalty under the Affordable Care Act and is compliant with the Affordable Care Act, Tricare, or any other legislative or regulatory requirements. The amount shall be distributed in the month of December and may be prorated based on participation of the employee during the prior twelve (12) month period. If both spouses are employed by the City, this shall not apply.

17.3 Dental Plan. The City shall for all regular full-time employees pay one hundred percent (100%) of the premium for either family, two-person or single-person dental plan. In a case where an employee's spouse is also a regular employee of the City, the City will pay for one (1) two-person dental plan or one (1) family dental plan, as appropriate, so that each employee and their family, if any, receive the same coverage but not greater coverage than other employees receive. However, due the requirements of the federal Affordable Healthcare Act, the employee will be required to pay one dollar (\$1) per year toward the cost of the dental plan offered full time employees.

17.4 Section 125 Payroll Deduction. The City agrees to provide payroll deduction for a Section 125 and/or Union-sponsored Employee Benefit Program which may be set up by the Union and which may provide for premium conversions on a pre-tax basis with no cost or obligation on the part of the City. In addition, the City may provide up to two (2) payroll deductions for the option of a Flexible Benefit Program to fund unpaid medical/dental and dependent care cost on a pre-tax basis.

17.5 Long Term Disability. The City shall, for regular full-time employees, pay one hundred percent (100%) of the premium for a long-term disability plan equivalent to that set forth in Appendix C. It is agreed by the parties that the City shall have the sole right to determine which company provides such disability insurance.

17.6 Prescription Eyewear. The City shall provide as a Vision Benefit for bargaining unit members up to \$200 every year for employee prescription eyewear, including contacts, which may be provided through insurance coverage or a wellness program.

ARTICLE XVIII
RETIREMENT

18.1 **Enrollment.** The New Hampshire Retirement System (NHRS) requires that employees who are eligible for enrollment in NHRS in accordance with the requirements of state law, shall be enrolled. Accordingly, the City shall enroll eligible employees in the NHRS, and eligible employees shall then be subject to the rules and regulations of the NHRS as they may be amended from time to time.

ARTICLE XIX
UNIFORMS/SPECIAL CLOTHING

19.1 **Clothing.** If special clothing, inclement weather clothing, safety equipment or uniforms are required for the conduct of an employee's job, the City shall either provide them or share the cost of obtaining the items needed. The employee's supervisor will provide the necessary information as to the needs and as to the City's share of the cost.

19.2 **Safety Shoes/Boots.** Safety shoes/boots shall be worn by employees while on duty. The City will pay up to two hundred and fifty dollars (\$250) for safety shoes/boots for an employee per contract year.

19.3 **Mechanic Tools.** Personnel in Mechanic I and Mechanic II positions who are required as part of their employment to provide their own personal mechanic tools are eligible for up to five hundred dollars (\$500) in reimbursement, per contract year, for damage to such personal mechanic tools, upon presentation of appropriate invoices to the City.

ARTICLE XX
SENIORITY

20.1 **Seniority Definition.** An employee's seniority shall commence with his/her hiring day provided the employee is not discharged and is in the City's continuous employ beyond the probationary period. All employees who are not permanent shall be deemed to have no seniority status.

20.2 **Forfeiture of Seniority.** Seniority is forfeited only by discharge, termination, resignation and retirement. In no case will seniority be interrupted or forfeited by illness, layoff (where a rehiring occurs within one year of layoff), military duty or approved leave of absence, except in cases where permanent separation from City employment results.

20.3 **Layoffs.** When it is necessary to reduce the number of employees on the City payroll, the City Manager shall decide which employees shall be laid off in accordance with the following provisions:

A. Layoffs shall be by job classifications within the Department; and

B. All temporary employees within the job classification in which the layoff is to occur shall be laid off before any other employees in the job classification; and

C. Probationary full-time employees shall be laid off before any non-probationary full-time employees are laid off; and

D. Among each classification of employees in which layoffs are to occur, the City Manager shall, where he/she determines all performance factors to be substantially the same, designate the least senior employee to be laid off.

20.4 Re-employment List. Employees separated from the service of the City through no fault of their own shall be placed on a re-employment list. The City agrees to maintain employees on the re-employment list for twelve (12) months following the employee's date of lay-off. An employee rehired under this circumstance shall be credited with full seniority.

ARTICLE XXI PROMOTIONS AND TRANSFERS

21.1 **Posting Jobs and Vacancies.** All new jobs and vacancies within the bargaining unit that the City decides to fill shall be posted on the Union bulletin board for Local 2973 members to bid on for a period of five (5) working days prior to advertising the position. The name of the successful candidate for the position shall be posted for five (5) days after the filling of the position. The Union President shall receive a written copy of all postings.

21.2 **Trial Period.** When bidding on a new job, via promotion or transfer, the regular employee shall have a trial period of six (6) months in which he/she may request to be reinstated to his/her previous position and if there is no disruption in the productivity of the Department, the Public Works Director may grant the request.

21.3 **Job Bidding Restriction.** No bargaining unit member who has success-fully bid on a job shall be allowed to exercise the right to bid on another job within twelve (12) months of being assigned to a newly bid job unless bidding for a higher rate of pay in another job.

21.4 **Competitive Examination.** The relative fitness of the applicants for appointment, or promotion within the employment of the City will be determined by competitive examination, which will include consideration and rating of any or all of the following qualifications and factors as determined and judged by the City; education experience, general adaptability, special aptitudes, physical fitness, knowledge, skills, character and such other qualifications as may be deemed necessary for the satisfactory performance of the duties of the respective position. In any cases where the City judges two or more bargaining unit members to be equally fit for appointment or promotion, seniority shall determine the appointment. In any case where the City judges a current bargaining unit member to be equally fit relative to a non-bargaining unit employee or a non-City employee, the bargaining unit member shall be first offered the appointment.

ARTICLE XXII DISCIPLINE

22.1 **Documentation.** All discipline shall be recorded on the form attached as "Appendix A" and a copy given to the employee within three (3) workdays from the date of discipline. Refusal

of the employee to sign the form acknowledging receipt shall not prevent placement of the form in the employee's personnel file.

22.2 **Suspension.** If the City does not follow the aforementioned procedure in the case of a suspension without pay, then it shall be deemed that the suspension is without merit. If the City does not follow the aforementioned procedure in the case of discharge, then said discharge shall be changed to a two (2) week suspension without pay, which shall not be grievable.

22.3 **Disciplinary Actions.** Although disciplinary alternatives chosen by the City are not limited to the following; disciplinary actions shall normally be taken in the following order:

- A. Verbal/Written Warning
- B. Suspension Without Pay
- C. Discharge

However, the above sequence is subject to the determination of the City depending on the severity of the offense. No employee shall be disciplined without just cause.

ARTICLE XXIII SAFETY AND HEALTH

23.1 **Development of Safety Regulations.** The City shall have the right to make regulations for the safety and health of its employees during their hours of employment. The Union agrees that its members will comply with these rules and regulations relative to safety, economy and efficiency of services.

23.2 **Joint Loss Management Committee.** Representatives of the City and the Union shall meet at reasonable times at the request of either party to discuss such regulations and any other safety or health issues. Request for such meetings shall not be unreasonably denied. The Union shall elect two representatives to the City's Joint Loss Management Committee (Safety and Wellness Committee) in accordance with State law.

23.3 **Proper Care of City Property.** The Union and its members agree to exercise proper care and to be responsible for all City property issued or entrusted to them during their working hours. Where the City provides safe storage, employees shall be responsible for replacing articles issued to them if the same type of article has been lost twice in the same twelve-month period. In such cases, the employee shall replace the second lost article.

23.4 **Accident Reporting.** An employee involved in an accident at work, however minor, must report it as soon as possible to the supervisor. An accident with a City vehicle should be reported at once to the Police Department, as well as to the supervisor. Names and addresses of other persons involved and of witnesses should be obtained.

24.3 **Employee Assistance Program.** Employees seeking assistance for an alcohol, drug, other substance abuse or other problem that is affecting their job performance are encouraged to seek assistance through the Employee Assistance Program or other appropriate agency. Supervisors may require employees to seek help where alcohol, drug or other outside problems are negatively affecting job performance. Employees who seek such assistance may do so without fear of reprisal by the City except where federal, state, or local laws have been violated.

24.4 **Commercial Driver License.** Employees who hold a commercial driver license (CDL) and are subject to and/or part of the City's drug and alcohol testing program will comply with and be subject to all appropriate federal, state, and local laws governing alcohol and drug use.

Employees shall submit their names to the Department for consideration for the training program. Those who put in for such training programs must possess valid licenses and/or certificates required for the job. Any employee who is selected for the training program and satisfactorily completes said program, shall be awarded certificates of completion if such certificates are part of the program.

ARTICLE XXVI TUITION ASSISTANCE PLAN

The City will also reimburse up to seventy-five (75%) of the tuition rate at Keene High School or its equivalent on a similar basis. Reimbursement is provided, upon successful completion of each course with a minimum grade of a “C” for undergraduate level, or “B” for graduate level courses. In no case may the combination of assistance under a federal state or other student aid program and the City’s Tuition Assistance Program total more than one hundred percent (100%) of tuition and book costs.

26.6 **Books.** The City will loan up to **seventy-five (75%)** of book costs.

26.7 **Loan term.** For each course supported in part by City loans, the employee must agree to remain with the City for **six (6) months** after completion of each course on a non-overlapping basis. If the employee leaves City employment or is dismissed, he/she must repay the loan to the City to the extent the **assistance loan** has not been repaid by the employment time requirements mentioned above.

26.8 **Time Away from Work.** Employees may be granted time off with pay for educational purposes which relate to their employment if arrangements are approved by the City Manager in advance.

26.9 **Required Training.** If the City requires your attendance at a training program away from the job, the City will pay the cost of the program. Such a training program must be covered by budgeted funds and approved by the City Manager.

26.10 **Advance Approval.** All features of the Tuition Assistance Plan must be stipulated in an agreement signed in advance by the employee and the City.

26.11 **Timeline.** For budgeting purposes, employees must inform in writing the Public Works Director by no later than February 1st of each year of any planned request for tuition assistance along with an estimate of costs so that the City and Department can reasonably plan for it in the ensuing budget year. Existing Methodology – Personal Leave hours

15.4 **Personal Leave.** Regular full-time employees earning sick leave shall receive eight (8) hours of Personal Leave for each three (3) month (non-overlapping) period during which they use no sick leave. Any such earned Personal Leave must be taken prior to the expiration of the three (3) calendar months subsequent to the three (3) month period in which the Personal Leave was earned or it will be lost. When approved in advance by the Public Works Director during the period of November 1st through April 1st bargaining unit members will be allowed to carry a maximum of two (2) personal days until the end of each fiscal year, by which time if the first of the two days is not used, it will be lost. Such earned Personal Leave may be taken when approved in advance by the Public Works Director. The use of such Personal Leave will not be charged to accumulated sick leave and such earned Personal Leave will not count toward vacation accumulation.

This provision will sunset when the City transitions from Pentamation (legacy system) to MUNIS processing its first payroll in the new software system.
