PROGRAM DESCRIPTION AND LEARNING OBJECTIVES

This multidisciplinary program presented by local experts will provide practitioners and law enforcement officials with critical insight into the scope of the problem of prescription drug abuse and diversion in New Hampshire and the tools and strategies available to address abuse.

At the conclusion of this activity, participants should be able to:

- ◆ Describe the scope of the prescription drug abuse and diversion problem in New Hampshire;
- ◆ Explain New Hampshire's Prescription Drug Monitoring Program (PDMP), use to date and barriers to adoption;
- ◆ Discuss how the PDMP can be used to assess treatment, coordinate care and detect a problem; and
- ◆ Evaluate patient risks and apply strategies to prevent prescription drug abuse and diversion.
