

NH Fire Standards and Training & Emergency Medical Services presents...

TEMSIS Elite Provider Documentation Training

This training will help with the transition from TEMSIS to Elite. It will differentiate between the current software and the new software to be released in June of 2016. The review consists of the differences, the new changes, and an overview of the new software's capabilities.

WiFi is available at all sites. If so inclined, please bring your personal laptop for a hands-on learning experience. Personal laptop not required.
