

EXHIBIT 60

2009 International Plumbing Code

New Amendment Proposal IPC 2009 – 301.3, Appendix C

CURRENT LANGUAGE of 2009 IPC:

301.3 Connections to sanitary drainage system. All plumbing fixtures, drains, appurtenances and appliances used to receive or discharge liquid waste or sewage shall be directly connected to the sanitary drainage system of the building or premises, in accordance with the requirements of this code. This section shall not be construed to prevent the indirect waste systems required by Chapter 8.

APPENDIX C - GRAY WATER RECYCLING SYSTEMS - *The provisions contained in this appendix are not mandatory unless specifically referenced in the adopting ordinance.*

CURRENT LANGUAGE of the 2006 IPC as amended by NH:

Add APPENDIX C in its entirety per 101.2:

APPENDIX C Gray Water Recycling Systems

Approved 4/10/09

PROPOSED CHANGES:

301.3 Connections to sanitary drainage system. All plumbing fixtures, drains, appurtenances and appliances used to receive or discharge liquid waste or sewage shall be directly connected to the sanitary drainage system of the building or premises, in accordance with the requirements of this code. This section shall not be construed to prevent the indirect waste systems required by Chapter 8.

Exception: Bathtubs, showers, lavatories, clothes washers and laundry trays shall not be required to discharge to the sanitary drainage system where such fixtures discharge to an approved gray water system for flushing of water closets and urinals or for subsurface landscape irrigation, provided that all irrigation use is first approved by the State of NH DES.

Adopt Appendix C, in its entirety per 101.2, Gray Water Recycling Systems

REASON:

Purpose is to allow for the use of Gray Water Recycling Systems in the State of New Hampshire.
