

EXHIBIT 69

2009 INTERNATIONAL MECHANICAL CODE

New Amendment Proposal IPC 2009 – Adopt Appendix G

CURRENT LANGUAGE:

This appendix was not previously adopted.

PROPOSED CHANGE

Adopt Appendix A - Combustion Air Openings And Chimney Connector Pass-Throughs

REASON:

Appendix A is a diagrammatical interpretation of the code text and helps in understanding what the actual code text is describing. As an adopted code, both installers and inspectors may use these diagrams as code accepted.
