PURPOSE: The purpose of a hardship registration is to allow a vehicle on which the owner's registration privileges have been suspended, to be operated by licensed individuals, at the owner's discretion, such as a spouse, partner to a civil union or other individual with a valid license when, without such a registration, a hardship would be placed on a family or individual.

REVOCAION OF HARDSHIP REGISTRATION: Upon evidence indicating that a person who obtained a hardship registration for his/her vehicle, has operated said vehicle, the Bureau of Hearings shall require the person to appear for an administrative hearing to show cause why the hardship registration privilege should not be revoked, and

Subsequent to a hearing or an opportunity to be heard, a hearings examiner shall revoke the person's hardship registration privilege if it is determined that the person drove the vehicle, and

If a person's hardship registration privileges are revoked, he/she shall not be able to obtain another hardship registration during the remaining period of time that his/her license and registration privilege have been suspended or revoked for offenses listed above, and
