NOTICE TO ALL APPLICANTS

Authority: Administrative Rule Saf-C 5914

Saf-C 5914.01 Challenge Process

Those medical professionals set forth in Saf-C 5914.02, who are properly licensed by and in good standing with the State of NH, may challenge the EMT-Paramedic National Registry examinations.

Saf-C 5914.02 Medical Professionals

The following medical professionals may challenge the National Registry examinations:

- (1) A registered nurse (RN)
- (2) A physician's assistant (PA)
- (3) A medical doctor (MD)
- (4) A doctor of osteopathy (DO)

In order to challenge the National Registry examination and become a nationally registered Emergency Medical Technician (EMT) Intermediate, a medical professional shall:

- (1) Current NREMT certification as an EMT-Basic**
- (2) Provide the Division with a legible copy of the following:**
 - a. A current New Hampshire (NH) EMT-Basic provider license
 - b. Current NH licensing credentials at the RN, PA, MD or DO levels;
- (3) Provide a letter of recommendation from the applicant's Emergency Medical Service (EMS) unit's medical director.**
- (4) Provide a letter of verification as to skills proficiency in IV therapy and trauma assessment from one of the following:**
 - a. An emergency department physician; or
 - b. A medical facility's nursing education department; and
- (5) Successfully complete the EMT-I Transition program, dated 2009.**

Upon completion of the requirements set forth above, the medical professional shall successfully complete:

- (1) A final practical examination which shall be based upon the USDOT, NHTSA, Emergency Medical Technical-Intermediate national standard curriculum, dated 1985; and**
- (2) A cognitive examination which shall be based upon the USDOT, NHTSA Emergency Medical Technician-Intermediate national standard curriculum, dated 1985.**

The Division shall communicate to the National Registry of Emergency Medical Technicians (NREMT) that the medical professional shall be eligible to apply for [licensure] certification at the [NREMT-B] appropriate level.
