NOTICE TO ALL APPLICANTS

Authority: NH RSA 153-A:11, A:12 and Administrative Rules Saf-C 5902, 5903

1. All personnel providing patient care as a NH EMS Provider must be currently certified at the appropriate training level, affiliated with a NH-licensed EMS Unit and licensed with the NH Bureau of EMS as a provider.
2. Only one Provider license is required. Personnel affiliated with more than one NH EMS Unit will indicate on the Provider application form the Unit considered their "Primary" affiliation and then list other affiliations, if appropriate.
3. Licensure for Nationally Registered EMS Providers, at all levels, is valid for the period of time stated on the National Registry certification card submitted to the Bureau for licensure (2 yrs).
4. Non-Nationally Registered EMT's, grandfathered in the system, need to relicense **annually** by December 31st. Any of these Individuals, whose certification lapses, will be required to become Nationally Registered in order to reenter the NH EMS System.
5. **During the licensing period all certifications required for licensure must be maintained. THIS INCLUDES CPR CERTIFICATION. IT IS THE RESPONSIBILITY OF THE PROVIDER TO FORWARD COPIES OF NEW CARDS TO THE BUREAU OF EMS IN ORDER TO REMAIN LICENSED.**
6. The EMS Unit Head (or alternate) must sign and date all Provider applications.
7. **THERE IS NO FEE FOR PROVIDER LICENSES.**
8. The Provider is responsible for recertifying at the appropriate provider level and relicensing with the NH Bureau of EMS prior to the expiration date of the license.
A Provider with an expired EMS Provider's license cannot practice patient care with a NH EMS Unit affiliation until a current license is obtained.
9. The Provider is recommended to provide a legible photocopy of the current License and all EMS certifications to each EMS Unit the individual is affiliated with for that Unit's records.
