Concord, NH 03305

Dear Mr. Casco:

Enclosed is a list of petitioners that have signed in accordance with RSA 270:12 & Saf-C 409 and with RSA 270:74-a & Saf-C 411 requesting a hearing to restrict motors on Sky Pond in New Hampton (New Hampton Tax Map R-8).

I have sent certified letters to the abutters (all of which signed the petition) notifying them of my actions with regards to asking for the NH Department of Safety (DOS) for a hearing.

I will be mailing to you the return receipts from the certified letters, as soon as I receive them.

Should you need to contact me, I can be reach by:

Petition to the NH Commissioner of Safety Requesting Hearing to Restrict use of Inboard, Outboard, and Electric Motors and Jet Skis on Sky Pond

Because Sky Pond flows into Jackson Pond, in 1991 the Town of Ashland sought to protect Jackson Pond, its water supply, from pollution under Chapter 485 of the New Hampshire Drinking Water Act and asked New Hampton to prohibit the use of inboard, outboard and electric motors and jet skis on Sky Pond. New Hampton complied.

In 2016 a New Hampton landowner inquired about the use of motors on Sky Pond and was told that the New Hampton Ordinance is no longer enforceable, as Ashland has abandon Jackson Pond as its water source.

Sky Pond is currently a trout pond, fly-fishing only, with a New Hampshire Fish & Game car top boat access facility. Therefore, to maintain water quality, scenic and recreational use, and protect those who fishing, canoeing and kayaking in its waters, we the undersigned request a hearing with the commissioner of safety seeking adoption of a rule prohibiting the use of inboard, outboard and electric motors and jet skis on Sky Pond, a 14 acre fresh water pond in the Town of New Hampton under Saf-C 409.
