Have you or a family member ever served in the military?

Community or healthcare service providers may ask you during registration or intake if you, or a family member, have ever served in the military. If they do not, please tell them!

While providers have always treated veterans, service members and their families, it has only been recently realized how important it is that any care, diagnosis, treatment or service provided to you has considered all possible exposures or unique circumstances experienced during military service (peacetime, wartime, foreign or domestic) so you can be provided with the best, and most informed, care and service.

You are under no obligation to report your military service, but it could open the doors to more effective services and treatment in addition to allowing service providers to better understand the veteran population in New Hampshire.

Thank you for your service!

NEW HAMPSHIRE EMPLOYMENT SECURITY (NHES)
www.nhes.nh.gov

New Hampshire Employment Security (NHES) helps people succeed throughout their lives. In addition to providing outstanding customer service, supporting workers through times of unemployment, matching job seekers with employers, and providing businesses and individuals with the information they need to adapt to a changing economy, NHES facilitates the training needed for success.
NHES VETERANS’ SERVICES

All that NHES does, it does first and foremost for veterans. Veterans and eligible spouses receive access, on a priority of service basis, to the full range of public employment and training services, including job search assistance, workshops, resume assistance, labor market information, career guidance, job referral, and referral to other supportive and training resources. Veterans are given preference in each of our local offices in the referral to job orders. Staff assesses the needs of each veteran and makes it a priority to educate the veterans of New Hampshire, especially for those veterans returning from active duty, on services available through NHES. Our Disabled Veterans’ Outreach Program Specialists (DVOPs) serve those veterans who need intensive services in order to obtain or retain employment that supports their self-sufficiency by providing those services and referrals as appropriate. In addition, these specialists will network with other veterans’ social and supportive service agencies to get assistance for their veteran customers. Local Veterans’ Employment Representative (LVER) staff conducts outreach to employers, employer associations and business groups to promote the advantages of hiring veterans and to assist veterans in gaining employment. There are veterans who need referrals to other supportive services and NHES tries to facilitate and expedite these processes as much as possible. Every NHES office has space for representatives from the NH State Office of Veterans Services to meet with veterans, providing veterans access to their services locally and on a regular basis.

On June 22, 1944, President Franklin Delano Roosevelt signed into law one of the most significant pieces of legislation ever produced by the United States government: The Service members’ Readjustment Act of 1944, commonly known as the GI Bill of Rights. By the time the original GI Bill ended in July 1956, 7.8 million World War II veterans had participated in an education or training program and 2.4 million veterans had home loans backed by VA. Today, the legacy of the original GI Bill lives on in the Montgomery GI Bill.
The Post 9/11 GI Bill is a new education benefit program for individuals who served on active duty on or after September 11, 2001. The benefits are payable for training pursued on or after August 1, 2009.

THE UNIFORMED SERVICES EMPLOYMENT AND REEMPLOYMENT RIGHTS ACT OF 1994 (USERRA)

www.dol.gov/vets/programs/userra

USERRA protects civilian job rights and benefits for veterans and members of Reserve components. USERRA establishes the cumulative length of time that an individual may be absent from work for military duty and retain reemployment rights to five years, with accommodation for longer absences in cases of national emergencies. USERRA provides protection for disabled veterans, requiring employers to make reasonable efforts to accommodate the disability. USERRA provides that returning service-members are reemployed in the job that they would have attained had they not been absent for military service (the long-standing “escalator” principle), with the same seniority, status and pay, as well as other rights and benefits determined by seniority. USERRA also requires that reasonable efforts (such as training or retraining) be made to enable returning service members to refresh or upgrade their skills to help them qualify for reemployment.
The Department of Veteran Affairs’ Veteran Benefits Administration Vocational Rehabilitation and Employment Service (VR&E) in partnership with the Small Business Administration (SBA) and the Association of Small Business Development Centers (SBDC) co-jointly provide entrepreneurial assistance to qualified, service-connected disabled veterans participating in a VR&E program. The joint mission is to support a qualified veteran who is exploring business ownership, expanding a business or moving into the Federal marketplace.

U.S. SMALL BUSINESS ADMINISTRATION (SBA)

www.sba.gov/offices/district/nh/concord

The US SBA was created in 1953 as an independent agency of the federal government to aid, counsel, assist and protect the interests of small business concerns; to preserve free competitive enterprise; and to maintain and strengthen the overall economy of our nation. Small business is critical to our economic recovery and strength, to building America’s future, and to helping the United States compete in today’s global marketplace.
SGLI is a program of low cost group life insurance for Service members on active duty, ready reservists, members of the National Guard, members of the Commissioned Corps of the National Oceanic and Atmospheric Administration and the Public Health Service, cadets and midshipmen of the four service academies, and members of the Reserve Officer Training Corps.

VGLI is a program of post-separation insurance which allows service members to convert their SGLI coverage to renewable term insurance. Members with full-time SGLI coverage are eligible for VGLI upon release from service.

SDVI was established in 1951. To be eligible, a veteran must meet all of the following conditions:

- Must have been released from active duty under other than dishonorable conditions on or after April 25, 1951
- Must have received a rating for a service-connected disability
- Must be in good health except for any service-connected conditions.

Application must be made within two years of being granted a service-connection disability.
VETERANS’ MORTGAGE LIFE INSURANCE (VMLI)
(1971 TO PRESENT)

www.benefits.va.gov/insurance/vmli.asp?expandable=0

VMLI provides mortgage life insurance to severely disabled veterans. The purpose of such grants is to help the veteran build or modify a home to accommodate his or her disabilities.
The Veterans’ Administration provides a Medical Benefits Package, a standard enhanced health benefits plan available to all enrolled veterans. This plan emphasizes preventive measures paired with primary care that offers a full range of outpatient and inpatient services within the VA health care system. The VA maintains an annual enrollment system to manage the provision of quality hospital and outpatient medical care and treatment to all enrolled veterans. A priority system ensures that veterans with service-connected disabilities and those below the low-income threshold can be enrolled in the VA’s health care system.

**HOME CARE**

www.va.gov/geriatrics

The VA’s nursing home programs include Community Living Centers, contract community nursing homes and state homes. More than 90 percent of VA’s medical centers provide home- and community-based outpatient long-term care programs. A patient-focused approach supports the wishes of most patients to live at home in their own communities for as long as possible. Many veterans will receive inpatient long-term care through programs of VA or state homes.

**OUTPATIENT DENTAL TREATMENT**

Outpatient dental benefits are provided by the Department of Veterans Affairs according to law. In some instances, the VA may provide extensive dental care, while in other cases treatment may be limited.

**THERAPEUTIC AND SUPPORTED EMPLOYMENT SERVICE PROGRAM (TSESP)**

www.manchester.va.gov/services/Therapeutic_and_Supported_Employment.asp

603-624-4366 ext. 2577

The mission of the Therapeutic and Supported Employment Service Program is to assist Veterans to overcome barriers to employment. Veterans interested in assistance from TSES programs should request a consult to TSES from their VA Mental Health Provider.
POST TRAUMATIC STRESS DISORDER (PTSD)

www.ptsd.va.gov

PTSD is an anxiety disorder that can occur after you have been through a traumatic event. During this type of event, you think that your life or others’ lives are in danger. You may feel afraid or feel that you have no control over what is happening. These events may include:

- Combat or military exposure
- Child sexual or physical abuse
- Terrorist attacks
- Sexual or physical assault
- Serious accidents, such as a car wreck.
- Natural disasters, such as a fire, tornado, hurricane, flood, or earthquake.

After the event, you may feel scared, confused, or angry. If these feelings don’t go away or they get worse, you may have PTSD. These symptoms may disrupt your life, making it hard to continue with your daily activities.
Housing

INDEPENDENT LIVING PROGRAM (ILP)
www.benefits.va.gov/vocrehab/independent_living.asp

VA GUARANTEED HOME LOAN
www.benefits.va.gov/homeloans

Veterans’ Administration guaranteed loans are made by private lenders, such as banks, savings & loans, or mortgage companies to eligible veterans for the purchase of a home which must be for their own personal occupancy. The guaranty means the lender is protected against loss if you or a later owner fail to repay the loan. The guaranty replaces the protection the lender normally receives by requiring a down payment allowing you to obtain favorable financing terms.

SPECIALY ADAPTED HOUSING (SAH) PROGRAM
www.benefits.va.gov/homeloans/sah.asp

Veterans or service members who have specific service-connected disabilities may be entitled to a grant from the Department of Veterans Affairs for the purpose of constructing an adapted home or modifying an existing home to meet their adaptive needs. The goal of the SAH Grant Program is to provide a barrier-free living environment that affords the veterans or service members a level of independent living he or she may not normally enjoy.

VA’S HOUSING AND URBAN DEVELOPMENT

HUD-VASH is a collaborative program between HUD and VA combines HUD housing vouchers with VA supportive services to help Veterans who are homeless, and their families find and sustain permanent housing. Through public housing authorities, HUD provides rental assistance vouchers for privately owned housing to Veterans who are
eligible for VA health care services and are experiencing homelessness. VA case managers may connect these Veterans with support services such as health care, mental health treatment and substance use counseling to help them in their recovery process and with their ability to maintain housing in the community. Among VA homeless continuum of care programs, HUD-VASH enrolls the largest number and largest percentage of Veterans who have experienced long-term or repeated homelessness. At the end of FY 2018, there were 85,509 Veterans with active HUD-VASH vouchers and 78,234 Veterans in housing with a HUD-VASH voucher.

For eligibility criteria, refer to:
www.va.gov/homeless/hud-vash_eligibility.asp

2-1-1 New Hampshire, an initiative of Granite United Way, is a FREE HEALTH & HUMAN SERVICE INFORMATION AND REFERRAL helpline that serves as the primary entry point for people experiencing a housing crisis.

WHAT SHOULD I DO IF I HAVE A HOUSING CRISIS?
Call 2-1-1.

WHAT HAPPENS WHEN I CALL 2-1-1?
With your permission, 2-1-1 will take your name and information and send it to the correct Regional Access Hub, who will contact you to talk to you about your individual housing circumstance. You may also receive referrals of places you can call for assistance.

WHY CAN’T I JUST CALL A SHELTER?
There is no wrong way to ask for help. By calling 2-1-1 NH, you are ensuring that you are going to be connected to the resources that fit your individual housing needs. You will also have the ability to be connected to food pantries, utility payment assistance, or other services that may be of assistance to you.

WHAT IF I CAN’T CALL 2-1-1?
You should go to your local soup kitchen, library, police department, or community center where someone can help you make the call.

WHAT SHOULD I EXPECT IF I CALL 2-1-1?
You can expect the information and referral specialist to ask you questions that can help to assess your housing situation and will help make a referral to a Regional Access Hub for assistance that fits your situation.

THE MILITARY COALITION
www.themilitarycoalition.org

The Military Coalition is a group of 34 military, veterans and uniformed services organizations in joint pursuit of the following goals:

• Maintaining a strong national defense provided by recruiting and retaining skilled and highly capable personnel in the seven uniformed services;

• Maintaining uniformed services compensation and benefits at levels sufficient to attract and retain professional uniformed service members for careers of service to the Nation;

• Representing the interests of the entire uniformed services community, including members’ families and survivors, and responding to assaults upon the compensation and benefits
earned by members of that community through years of dedicated service; and

• Educating the public on the extraordinary demands and sacrifices associated with a career in uniformed service, and the need to maintain a similarly unique system of compensation and benefits to attract and retain the kinds and numbers of high-quality personnel needed to meet the Nation’s short- and long-term defense requirements. The philosophy of The Coalition is that, by working together on issues of mutual agreement, the participating organizations can harness the grassroots support of more than 5.5 million members plus their families and accomplish far more than by working on these initiatives separately.

MILITARY ID CARDS (DEERS/RAPIDS)
The DoD is committed to protecting the security of our nation and its people by issuing identification (ID) cards to individuals requiring access to government systems and facilities and to eligible individuals authorized to receive Uniformed Service benefits and privileges by law. The Defense Enrollment Eligibility Reporting System (DEERS) enrollment and ID card issuance process consists of several steps to ensure the correct ID card is issued and the appropriate benefits and privileges are assigned.
