Dear Mr. Levine:

The Board of Registration in Medicine at their February 1, 1989 granted you a license to practice as a Physical Therapist I in the State of New Hampshire.

However, it is the decision of the Board that although your request for licensure has been granted, this letter will be placed in your file in the Board office as an official letter of reprimand. The Board also issued you a 30 day suspension which extends from February 1, 1989 to March 1, 1989 and you may not work within that time frame. The Board feels that you should have been aware of the laws and rules/regulations of this state before you commenced employment.

If you should have any questions regarding this, please write directly to the Board at the above address.

Sincerely,

William T. Wallace, Jr., M.D., M.P.H.
Executive Secretary
