NH DHHS COVID-19 Update – March 20, 2020

Concord, NH – The New Hampshire Department of Health and Human Services (DHHS) has issued the following update for March 20, 2020, on the new coronavirus, COVID-19. DHHS will continue to issue COVID-19 updates each day to provide media and the public with current information about the State’s efforts.

What’s New

- **New Positive Cases of COVID-19 in New Hampshire**

On Friday, March 20, 2020, DHHS announced 11 new positive test results for COVID-19. The new cases are all adults, including six males and five females. Counties of residence are Grafton (3), Rockingham (2), Manchester (1), Hillsborough County other than Manchester and Nashua (1), Carroll (1), Merrimack (1), Coos (1) and Cheshire (1). The positive test results are the first cases in Coos and Cheshire counties. Four of the cases, including in Cheshire, Merrimack and Rockingham counties and the city of Manchester, have no identified risk factors, indicating additional community-based transmission of COVID-19 in New Hampshire. The other seven cases have either have traveled to domestic or international locations or have had close contact with a person with a confirmed COVID-19 diagnosis. Community-based transmission has been identified in Carroll, Cheshire, Grafton, Merrimack and Rockingham counties and the city of Manchester. There have now been 55 cases of COVID-19 diagnosed in New Hampshire.

Current Situation in New Hampshire
