NH DHHS COVID-19 Update – March 28, 2020

Concord, NH – The New Hampshire Department of Health and Human Services (DHHS) has issued the following update for March 28, 2020, on the new coronavirus, COVID-19. DHHS will continue to issue COVID-19 updates each day to provide media and the public with current information about the State’s efforts.

On Saturday, March 28, 2020, DHHS announced 27 new positive test results for COVID-19. There have now been 214 cases of COVID-19 diagnosed in New Hampshire. The new cases are 17 adult females, 9 adult males, and one male under the age of 18. The new cases reside in Rockingham (11), Hillsborough other than Manchester and Nashua (4), Merrimack (3), Grafton (2), and Strafford (1) counties, and the cities of Manchester (3) and Nashua (3). Eight of the new cases have no identified risk factors. Community-based transmission continues to increase in the State and has been identified in all of the counties with cases. Most of the remaining cases have either had travel to domestic or international locations or have had close contact with a person with a confirmed COVID-19 diagnosis. Three of the new cases were hospitalized for their illness; thus far, 33 patients of the 214 positive cases (15%) have been hospitalized.

Current Situation in New Hampshire

**New Hampshire 2019 Novel Coronavirus (COVID-19) Summary Report
(data updated March 28, 2020, 9:00 AM)**
