NH DHHS COVID-19 Update – April 6, 2020

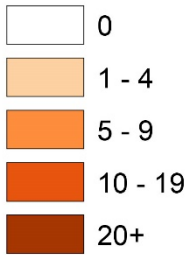

Concord, NH – The New Hampshire Department of Health and Human Services (DHHS) has issued the following update on the new coronavirus, COVID-19.

On Monday, April 6, 2020, DHHS announced 46 new positive test results for COVID-19. There have now been 715 cases of COVID-19 diagnosed in New Hampshire. Several of the new cases are still under investigation. Of those with complete information, there are three females and one male under the age of 18 and the rest are adults with 54% being female and 37% being male. The new cases reside in Rockingham (15), Hillsborough County other than Manchester and Nashua (4), Merrimack (6), Strafford (2), Cheshire (2), and Belknap (1) counties, and in the cities of Manchester (11) and Nashua (4). The county of residence is being determined for one new case. Nine new COVID-19-related hospitalizations were reported; thus far, 103 (14%) of the 715 positive cases have been hospitalized. Eighteen of the new cases have no identified risk factors. Community-based transmission continues to increase in the State and has been identified in all counties with cases. Most of the remaining cases have either had travel to domestic or international locations or have had close contact with a person with a confirmed COVID-19 diagnosis.
