## **NH DHHS COVID-19 Update – April 10, 2020**

**Concord, NH** – The New Hampshire Department of Health and Human Services (DHHS) has issued the following update on the new coronavirus, COVID-19.

On Friday, April 10, 2020, DHHS announced 66 new positive test results for COVID-19. There have now been 885 cases of COVID-19 diagnosed in New Hampshire. Several cases are still under investigation. Of those with complete information, all are adults with 48% being female and 52% being male. The new cases reside in Rockingham (29), Hillsborough County other than Manchester and Nashua (12), Strafford (4), Merrimack (3), Cheshire (3), Coos (1), and Carroll (1) counties, and in the cities of Manchester (8) and Nashua (5). Seven new COVID-19-related hospitalizations were reported; thus far, 134 (15%) of the 885 positive cases have been hospitalized. Nine of the new cases have no identified risk factors. Community-based transmission continues to increase in the State and has been identified in all counties with cases. Most of the remaining cases have either had travel to domestic or international locations or have had close contact with a person with a confirmed COVID-19 diagnosis.

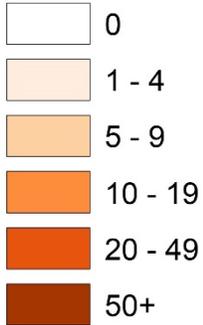

DHHS has also announced one additional death related to COVID-19. We offer our sympathies to the family and friends.

- A female resident of Hillsborough County, 60 years of age or older

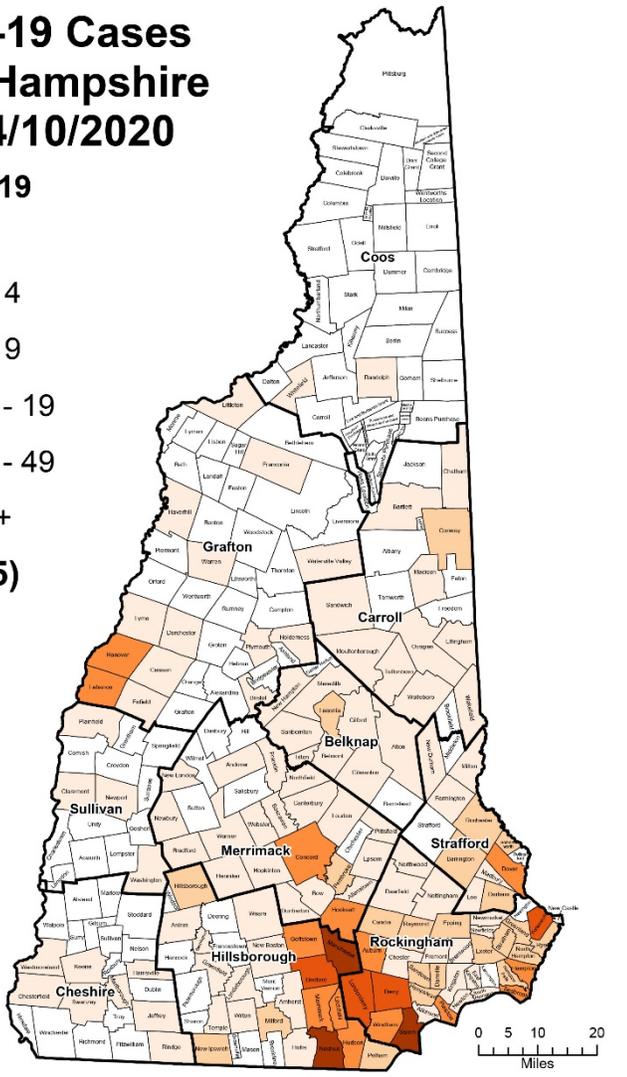

### **Current Situation in New Hampshire**
