NH DHHS COVID-19 Update – April 15, 2020

Concord, NH – The New Hampshire Department of Health and Human Services (DHHS) has issued the following update on the new coronavirus, COVID-19.

On Wednesday, April 15, 2020, DHHS announced 53 new positive test results for COVID-19. There have now been 1,139 cases of COVID-19 diagnosed in New Hampshire. Several cases are still under investigation. Any additional information from ongoing investigations will be incorporated into future COVID-19 updates. Of those with complete information, all are adults with 49% being female and 51% being male. The new cases reside in Rockingham (21), Hillsborough County other than Manchester and Nashua (14), Merrimack (5), Cheshire (6), and in the cities of Manchester (5) and Nashua (2). Fifteen new hospitalized cases were identified today for 178 (16%) of 1,139 cases. Seven of the new cases have no identified risk factors. Community-based transmission continues to increase in the State and has been identified in all counties with cases. Most of the remaining cases have either had travel to domestic or international locations or have had close contact with a person with a confirmed COVID-19 diagnosis.

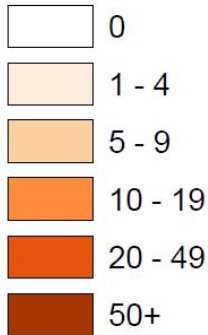

DHHS has also announced five additional deaths related to COVID-19. We offer our sympathies to the family and friends.

- One male resident of Hillsborough County, younger than 60 years of age
- One male resident of Hillsborough County, 60 years of age or older
- One male resident of Merrimack County, younger than 60 years of age
- One male resident of Rockingham County, younger than 60 years of age
- One male resident of Rockingham County, 60 years of age or older
